

High Speed 50m/min Corrugated Roof Sheet Making Machine Roofing Sheet Roll Forming Machine

Our Product Introduction

for more products please visit us on roll-formermachines.com

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Roof Panel--002
- Minimum Order Quantity: 1 SET
- Price: USD35,000-USD70,000
- Packaging Details: Nude Packaging in a 40 feet container
- Delivery Time: 60 work days
- Payment Terms: T/T, , L/C
- Supply Ability: 20 sets per month

Product Specification

- Name: Corrugated Roof Sheet Making Machine
- Applicable Industries: Building Material Shops, Manufacturing Plant, Machinery Repair Shops, Construction Works, Others
- Warranty: 1 Year
- Rolling Thickness: 0.3-0.8mm
- Forming Speed: 50m/min
- Feeding Width: 1250mm
- Automatic Degree: Fully Automatic
- Control System: PLC System
- Highlight: **High Speed Corrugated Roof Sheet Making Machine**

Product Description

High-speed Corrugated Roof Sheet Making Machine Roofing Sheet Roll Forming Machine

Advantages:

- High Production Speed:** Rapidly produces large quantities of corrugated panels, boosting efficiency.
- Fully Automatic Operation:** Advanced PLC systems minimize manual intervention and reduce labor costs.
- Precision and Consistency:** Ensures uniform quality across all panels, meeting strict industry standards.
- Versatility:** Customizable to produce various designs and sizes, suitable for diverse applications.
- Durable Construction:** Built with high-quality materials for long-term reliability and continuous operation.
- User-Friendly Interface:** Intuitive controls make it easy to set parameters and monitor production.
- Energy Efficiency:** Optimized power consumption reduces operational costs and environmental impact.
- Low Maintenance:** Requires minimal maintenance, ensuring continuous production with less downtime.
- Safety Features:** Includes emergency stop buttons, safety guards, and automated fault detection systems.
- Cost-Effective:** Automates the forming process, reducing waste and lowering production costs.

YX18-76-1064 High-speed Corrugated Roof Sheet Roll Forming Machine	
Decoiler	10T hydraulic decoiler with loading cart
Formed Material	PPGI, PPGL, AL
Thickness	0.3-0.8mm
Roller station	19 stands (As your requirement)
Diameter of shaft	90mm solid shaft
Material of Roller	GCr15 bearing steel with quench treatment, hard chrome plated on the surface
Machine body frame	350 H steel
Drive	gearbox transmission
Cutter	cr12mov material, no scratches, no deformation
Hydraulic system power	15KW with energy accumulator
Following servo motor power	7.5KW
Voltage	380V 50Hz 3Phase (As your requirement)
Forming Speed	50m/min

Working principle: hydraulic tensioning, main motor drive active unwinding

Maximum load bearing: 10T

Loading car maximum load: 12T

Main Roll Forming Machine

Automatic Stacker

Packaging and Shipping

1. Anti-corrosion oil is sprayed during transportation to prevent oxidation of the machine
2. Packaging isolation film to prevent machine oxidation during transportation
3. Fixed on the container with wire to prevent damage to the machine during transportation

After-sales Service

1. Technical Support: Our experienced technical team is available to provide assistance and guidance on product installation, operation, and maintenance.

2. Spare Parts Supply: We maintain a stock of genuine spare parts to quickly solve any equipment issues and minimize downtime.
3. Training Programs: We offer training programs for your staff to ensure they are proficient in using and maintaining our equipment effectively.
4. Warranty Coverage: The warranty is one year after the client receives the machine. All our products come with a warranty period, during which we provide prompt repair or replacement services for any defects covered under the warranty terms.
5. Regular Maintenance: We recommend and offer scheduled maintenance services to keep your equipment in optimal condition and maximize its lifespan.
6. Customer Feedback: We value your feedback and continuously strive to improve our products and services based on your input.
