

Colored Glazed Steel Metal Sheet Roll Forming Machine Hydraulic PLC Controlled High Speed

Our Product Introduction

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Glazed Tile
- Minimum Order Quantity: 1 Set
- Price: USD15000--USD50000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

Product Specification

- Applicable Industries: Hotels, Garment Shops, Building Material Shops, Construction Works, Advertising Company, Manufacturing Plant, Food & Beverage Factory, Retail, Others
- Control System: PLC Control
- Tile Type: Colored Glazed Steel
- Cutting Method: Hydraulic Cutting
- Cutting Tolerance: $\pm 2\text{mm}$
- Product Type: Roll Forming Machine
- Forming Method: Roll Forming
- Roller Stations: 13-18 Stations
- Highlight: **Color Steel Metal Sheet Roll Forming Machine, Metal Sheet Roll Forming Machine Hydraulic, Color Steel Roll Forming Machine High Speed**

Product Description

Hydraulic PLC Controlled High-Speed Colored Glazed Steel Metal Sheet Roll Forming Machine For Buildings

Product Description:

This machine is designed to work with various materials, including PPGL, PPGLI, and AL, giving you flexibility in your production process. The Main Frame Material is made of 350H Steel, ensuring a sturdy and durable machine that will last for years to come. The Roller Material is made of GCr15 GCr15-bearing steel with Quench Treatment, making it highly resistant to wear and tear.

Our Corrugated Roll Forming Machine is perfect for creating colored glazed steel tiles, thanks to its ability to work with various materials and its high-quality rollers. The machine is also versatile, allowing you to create a variety of tile types to meet your specific needs.

In addition to its durability and versatility, this machine comes with a 1-year warranty, giving you peace of mind and ensuring that any issues you may encounter will be promptly resolved. This makes our Corrugated Roll Forming Machine an excellent investment for your manufacturing business.

Features:

Product Name: Metal Sheet Roll Forming Machine

Control System: PLC Control

Cutting Tolerance: $\pm 2\text{mm}$

Cutting Method: Hydraulic Cutting

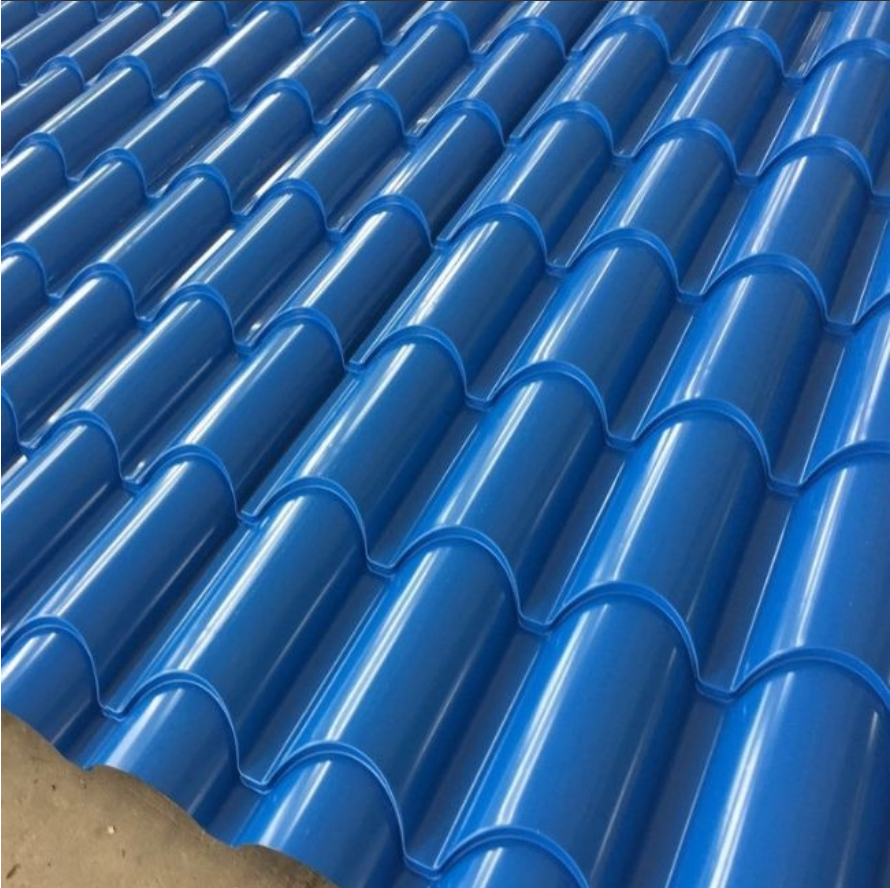

Tile Type: Colored Glazed Steel

Main Frame Material: 350H Steel

Technical Parameters:

Product Type	Roll Forming Machine
Tile Type	Colored Glazed Steel
Forming Method	Roll Forming
Roller Stations	13-18 Stations
Roller Material	GCr15 Bearing Steel With Quench Treatment
Main Frame Material	350H Steel
Control System	PLC Control
Cutting Tolerance	±2mm
Production Speed	10-15 Meters Per Minute(as Your Require)
Warranty	1 Year

Applications:

Our metal sheet roll forming machines are perfect for a wide range of applications, including the creation of IBR sheet roll forming machines, floor deck roll forming machines, and cold roll forming machines. These machines are versatile and can be used in a variety of scenarios, from manufacturing facilities to construction sites.

Our machines are specifically designed to work with colored glazed steel, giving you the ability to create stunning and durable roofing and cladding for your buildings. Our roll forming method ensures that you get a consistent and high-quality product each time, with a cutting tolerance of ±2mm.

We understand that our customers need their machines as soon as possible, which is why we offer a delivery time of just 60 workdays. Our packaging is also designed to ensure that your machines arrive safely, with nude packing in a 40 feet container.

We offer flexible payment terms, with the option of T/T or L/C, and have a supply ability of 30 sets per month. Additionally, our machines come with a 1-year warranty, giving you peace of mind and ensuring that you get the most out of your investment.

Our machines are powered by a 380V, 50Hz, 3 phase power supply, and can be used in a variety of occasions and scenarios, from small scale manufacturing facilities to large construction sites. With our metal sheet roll forming machines, you can be confident that you're getting a reliable and high-quality product that will meet all your needs.

Packing and Shipping:

Product Packaging:
The Metal Sheet Roll Forming Machine will be packaged securely in a wooden crate to ensure safe transport. The machine will be wrapped in protective material to prevent any damage during shipping.

Shipping:
The Metal Sheet Roll Forming Machine will be shipped via standard ground shipping. Shipping times may vary depending on the destination. Shipping costs will be calculated based on the destination and weight of the package. Customers will receive a tracking number once the package has been shipped.

After-sales Service

1. Technical Support: Our experienced technical team is available to provide assistance and guidance on product installation, operation, and maintenance.
2. Spare Parts Supply: We maintain a stock of genuine spare parts to quickly solve any equipment issues and minimize downtime.
3. Training Programs: We offer training programs for your staff to ensure they are proficient in using and maintaining our equipment effectively.
4. Warranty Coverage: The warranty is one year after the client receives the machine. All our products come with a warranty period, during which we provide prompt repair or replacement services for any defects covered under the warranty terms.
5. Regular Maintenance: We recommend and offer scheduled maintenance services to keep your equipment in optimal condition and maximize its lifespan.
6. Customer Feedback: We value your feedback and continuously strive to improve our products and services based on your input.
