Product Description

Fully Automatic Square Metal Downspout Roll Forming Machine With Excellent Performance

Product Description:

The Gutter Downspout Roll Forming Machine is made from NO.45 Fine Steel, known for its durability and strength. This material ensures the machine can withstand heavy usage and produce consistent results. The machine also has a PLC Control System that makes it easy to operate and control the forming process.

With 23-26 forming stations, the Gutter Downspout Roll Forming Machine can produce gutters with a range of widths and thicknesses. This versatility allows the machine to accommodate different gutter installation requirements, making it a valuable investment for any construction business.

The Gutter Downspout Roll Forming Machine is customizable, allowing you to choose the color that best suits your needs. This means that you can match the gutters to the building's exterior, ensuring a seamless and professional finish.

When you invest in the Gutter Downspout Roll Forming Machine, you can also enjoy after-sales service from our team of engineers. Our experts are available to service the machinery overseas, ensuring that you get the support you need to keep your machine running smoothly for years to come.

Overall, the Metal Rain Gutter Roll Forming Machine is an excellent choice for anyone looking to create high-quality gutters. Its durable construction, precision forming, and customization options make it an essential tool for any construction business. Whether you need to install gutters for residential or commercial buildings, this machine can help you get the job done quickly and efficiently.

Features:

Product Name: Gutter Downspout Roll Forming Machine

Forming Stations: 23-26stands

Roller Material: GCr15 Bearing Steel With Quench Treatment,HRC58-62

Material: Steel

Warranty: 1 Year

Control System: PLC

Product Description:

Downspout and elbow roll forming machine

Round downspout roll forming machine

Round gutter downspout roll forming machine

Technical Parameters:

Product Name	Fully Automatic Downspout Roll Forming Machine
Control System	PLC
Main Motor Power	7.5KW
Roller Material	GCr15 Bearing Steel With Quench Treatment, HRC58-62
Shaft Material	NO.45 Fine Steel
Thickness	0.4-0.6mm
Forming Stations	23-26 stands
Color	Customizable
Hydraulic Motor Power	15KW
Warranty	1 Year
Speed	15m/min

Applications:

Whether you are a contractor, builder, or DIY enthusiast, the Gutter Downspout Roll Forming Machine is a great investment. This machine is perfect for those looking to create seamless gutters for residential and commercial properties. It is also ideal for those in the roofing and construction industry who need to create custom gutter systems for their clients.

The Gutter Downspout Roll Forming Machine is CE and ISO9001 certified, ensuring that it is of the highest quality. It has a minimum order quantity of 1 set and comes with nude packing in a 40-foot container. The delivery time is 60 workdays, and the payment terms are T/T and L/C.

This machine has a main motor power of 7.5KW and a hydraulic motor power of 15KW. Its control system is PLC, which makes it easy to use and operate. The color of the machine is customizable, allowing you to choose a color that matches your brand or preference.

One of the best features of the Gutter Downspout Roll Forming Machine is its after-sales service. Engineers are available to service machinery overseas, ensuring that you get the support you need when you need it.

Overall, the Gutter Downspout Roll Forming Machine from Hangzhou Maxwell is a versatile and reliable machine that is perfect for a wide range of application occasions and scenarios. Whether you are a contractor, builder, or DIY enthusiast, this machine is a great investment that will help you create seamless gutters, downspouts, and more with ease.

Support and Services:

The Gutter Downspout Roll Forming Machine is a high-quality product built to last. Our technical support team is available to answer any questions you may have about the machine's functionality or operation. We also offer a range of services, including installation, maintenance, and repair, to ensure that your machine is running smoothly and efficiently. Our team of experts is highly skilled and experienced, and we are committed to providing you with the best possible support and service. Contact us today to learn more about how we can help you get the most out of your Gutter Downspout Roll Forming Machine.

Packing and Shipping:

The Gutter Downspout Roll Forming Machine will be packaged securely in a wooden crate to ensure that it arrives at the customer's location in excellent condition. The crate will be sealed to prevent any damage or tampering during shipping.

Shipping:

The Gutter Downspout Roll Forming Machine will be shipped via sea or air freight depending on the customer's preference and location. The shipping cost will be calculated based on the destination and weight of the machine. Customers will be provided with a tracking number to monitor the status of their shipment.
