

Steel Round Downspout Machine , PLC Control Roll Forming Gutter Machine 7.5KW

Our Product Introduction

Basic Information

- Place of Origin: Jiangsu,China
- Brand Name: Hangzhou Maxwell
- Certification: CE,ISO9001
- Model Number: Downspouts
- Minimum Order Quantity: 1 Set
- Price: USD25000-USD35000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T;L/C
- Supply Ability: 30 Set per Mon

Product Specification

- Thickness: 0.4-0.6mm
- Hydraulic Motor Power: 15KW
- Control System: PLC
- Voltage: 380V/50Hz/3Phase
- After-Sales Service: Engineers Available To Service Machinery Overseas
- Shaft Material: NO.45 Fine Steel
- Material: PPGI,PPGL,AL
- Main Motor Power: 7.5KW
- Name: Roll Forming Gutter Machine
- Highlight: Steel Round Downspout Machine,
PLC Control Roll Forming Gutter Machine,
Roll Forming Gutter Machine 7.5KW

Product Description

Steel Round Gutter Downspout Roll Forming Machine Roofing Gutter Roundrain Downspout Roll Forming Machine

Product Description:

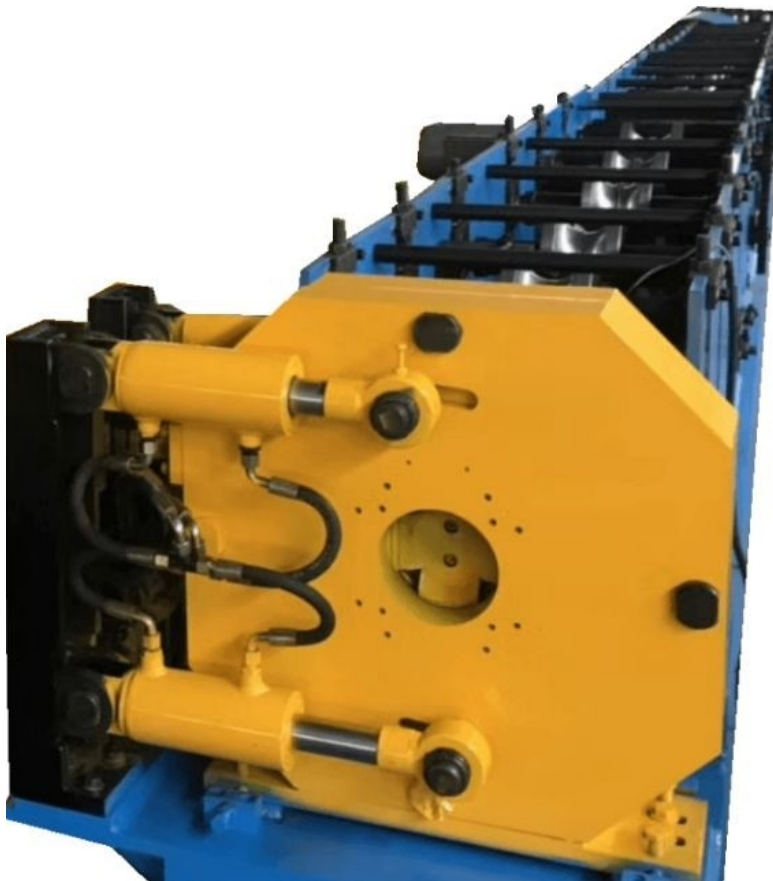

This machine boasts 23-26 forming stations, which allows for precise and accurate forming of your desired product. You can also customize the color of your product to match your specific needs and aesthetic preferences.

Our Round Gutter Downspout Roll Forming Machine is equipped with a powerful 15KW hydraulic motor, ensuring that the machine operates efficiently and effectively. With a speed of 15m/min, you can produce a large quantity of high-quality products in a short amount of time.

In addition to its impressive technical specifications, our Gutter Downspout Roll Forming Machine also comes with excellent after-sales service. Our engineers are available to service the machinery overseas, ensuring that you are never without the support and expertise you need to keep your machine running smoothly.

Investing in our Gutter Downspout Roll Forming Machine is a smart choice for anyone looking to produce high-quality round downspouts, round gutter downspouts, and metal rain gutter products. With its advanced features, customizable options, and reliable after-sales service, this machine is a great addition to any manufacturing operation.

Features:

Product Name: Gutter Downspout Roll Forming Machine

Forming Stations: 23-26 stands

Speed: 15m/min

Color: Customizable

Thickness: 0.4-0.6mm

Main Motor Power: 7.5KW

Keywords: Round gutter downspout roll forming machine, Round downspout roll forming machine, Square metal downspout roll forming machine

Technical Parameters:

Parameter	Specification
Metal rain gutter roll forming machine	Yes
Round downspout roll forming machine	Yes
Roller Material	GCr15 Bearing Steel With Quench Treatment, HRC58-62
Control System	PLC
Main Motor Power	7.5KW
Shaft Material	NO.45 Fine Steel
Warranty	1 Year
Color	Customizable
Speed	15m/min
Material	Steel
Hydraulic Motor Power	15KW
Voltage	380V/50Hz/3Phase

Applications:

If you're looking for a reliable and efficient metal rain gutter roll forming machine, then the Gutter Downspout Roll Forming Machine from Hangzhou Maxwell is the perfect choice for you. With its superior quality and exceptional performance, this roll forming machine is perfect for various applications and scenarios, including:

Residential and commercial buildings

Roofing and guttering projects

Construction and installation companies

Architectural and engineering firms

Home improvement and renovation projects

The Gutter Downspout Roll Forming Machine is designed and manufactured in Jiangsu, China, and is certified with CE and ISO9001, ensuring that you are getting a high-quality product. With a minimum order quantity of 1 set, you can order as many machines as you need to meet your production requirements. The product is packaged in nude packing in a 40-foot container and has a delivery time of 60 workdays.

The Gutter Downspout Roll Forming Machine has a main motor power of 7.5KW and a hydraulic motor power of 15KW. It is also customizable in color and has a speed of 15m/min. This roll forming machine is perfect for producing downspout and elbow roll forming machines, as well as round downspout roll forming machines. It is versatile and can handle various materials and thicknesses with ease. After-sales service is an important aspect of any purchase, and the Gutter Downspout Roll Forming Machine from Hangzhou Maxwell comes with engineers available to service machinery overseas. This ensures that you will always have the support you need to keep your machine running smoothly and efficiently. With a supply ability of 30 sets per month, you can be sure that you will always have access to the machines you need.

Overall, if you want a reliable and efficient metal rain gutter roll forming machine that can handle various applications and scenarios, then the Gutter Downspout Roll Forming Machine from Hangzhou Maxwell is the perfect choice for you.

Support and Services:

The Gutter Downspout Roll Forming Machine is a high-quality product designed for efficient and reliable performance. Our technical support team is available to assist with any issues that may arise during installation, operation, or maintenance of the machine. We also offer a range of services to ensure that your machine operates at its best, including regular maintenance, repairs, and upgrades. Our team of experts has extensive knowledge of the product and can guide optimal usage and customization options. Contact us for more information on how we can support your Gutter Downspout Roll Forming Machine.

Packing and Shipping:

Product Packaging:

The Gutter Downspout Roll Forming Machine will be securely packed in a wooden crate to ensure safe transportation.

Shipping:

We offer worldwide shipping via sea, air, or land transportation. Shipping costs may vary depending on the destination and shipping method chosen by the customer. Please contact us for more information and to receive a shipping quote.
