

Electric Steel Galvanized Roofing Sheet Roll Forming Machine 220V With Hydraulic Cutting

Our Product Introduction

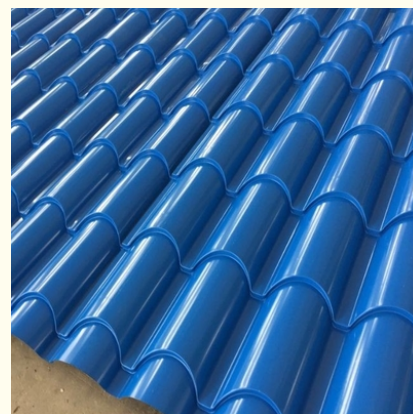

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Roof Panel
- Minimum Order Quantity: 1 Set
- Price: USD25000-USD55000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

Product Specification

- Voltage: 220V
- Application: Roofing And Wall Cladding
- Rolling Speed: 10-15m/min
- Cutting Type: Hydraulic
- Material: Steel
- Frequency: 50Hz
- Warranty: 1 Year
- Power Source: Electric
- Highlight: **Galvanized Roofing Sheet Roll Forming Machine 220V**

Product Description

Electric Steel Galvanized Roofing Sheet Glazed Tile Roll Forming Machine 220V With Hydraulic Cutting

Product Description:

One of the standout features of the Steel Roofing Roll Former is its ability to produce high-quality roofing and wall cladding materials. The machine is designed to create consistent, accurate shapes that are ideal for use in construction projects of all sizes. Its ability to produce materials quickly and efficiently makes it an excellent choice for both large and small-scale projects.

The Steel Roofing Roll Former also comes with a 1-year warranty, giving buyers peace of mind that they are investing in a product that is built to last. The warranty covers any defects in materials or workmanship, ensuring that the machine performs at its best for years to come.

Whether you are a professional contractor or a DIY enthusiast, the Steel Roofing Roll Former is an excellent choice for your roofing and wall cladding needs. Its ability to produce high-quality materials quickly and efficiently, combined with its durable design and 1-year warranty, make it a machine that you can rely on for years to come.

Features:

Product Name: Galvanized Roofing Sheet Glazed Tile Roll Forming Machines

Control System: PLC

Rolling Speed: 10-15m/min

Material: Steel

Thickness: 0.3-0.8mm

Voltage: 220V

Features:

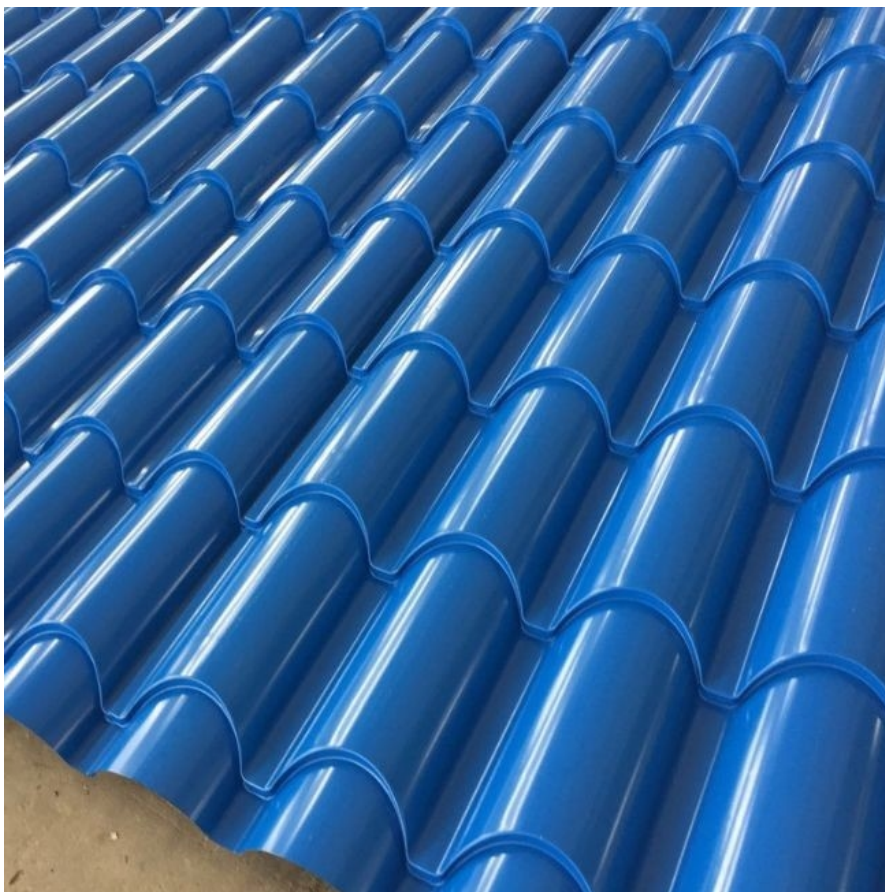

Steel roofing roll former

Wall panel roll forming unit

Technical Parameters:

Voltage	220V
Warranty	1 Year
Power Source	Electric
Cutting Type	Hydraulic
Application	Roofing and Wall Cladding
Rolling Speed	10-15m/min
Thickness	0.3-0.8mm
Control System	PLC
Material	Steel
Frequency	50Hz

Applications:

Our products are designed for various applications and scenarios. They are perfect for use in construction, manufacturing, and other industries that require high-quality roll former machines. Our machines are ideal for producing corrugated sheets, steel roofing, and wall panels.

Our roll former machines are certified with CE and ISO9001, ensuring that they meet international standards for quality and safety. They also come with a 1-year warranty to give our clients peace of mind when using our machines.

Our machines are equipped with a PLC control system, allowing for easy operation and maintenance. They also have a hydraulic cutting type, ensuring precise and accurate cutting of materials. Our machines have a rolling speed of

Support and Services:

Our Roll Former Machines are designed and built to last, but we understand that technical issues may arise. That's why we offer comprehensive product technical support and services to ensure your machine is running smoothly.

Our technical support team is available to assist with any troubleshooting or maintenance questions you may have. We also offer regular maintenance services to keep your machine in top condition.

If you require any replacement parts or upgrades, we have a wide selection available for purchase. Our team can also assist with installation and setup of any new parts or upgrades.

At Roll Former Machines, we are committed to providing excellent customer service and ensuring the longevity and efficiency of your machine.

Packing and Shipping:

Product Packaging:

The Roll Former Machines are carefully packaged in sturdy wooden crates to ensure safe transportation. The machines are secured with straps and foam padding to prevent any damage during transit.

Shipping:

Our shipping partner will deliver the Roll Former Machines to your preferred location. Please provide accurate delivery details to avoid any delays or delivery issues.

Please note that additional fees may apply for international shipping and customs clearance.
