

Colored Corrugated Panel Roll Forming Machine Doble Layer Glazed Tile Roll Forming Machine

Our Product Introduction

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Roof Panel
- Minimum Order Quantity: 1 Set
- Price: USD25000-USD55000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

Product Specification

- Forming Method: Roll Forming
- Main Frame Material: 350H Steel
- Material: PPGL; PPGL; AL
- Tile Type: Colored Glazed Steel
- Applicable Industries: Hotels, Garment Shops, Building Material Shops, Construction Works, Advertising Company, Manufacturing Plant, Food & Beverage Factory, Retail, Others
- Production Speed: 30-45 Meters Per Minute (as Your Require)
- Power Supply: 380V, 50Hz, 3 Phase
- Roller Stations: 13-18 Stations
- Highlight: **Colored Corrugated Panel Roll Forming Machine**
, Doble Layer Glazed Tile Roll Forming Machine

Product Description

Doble Layer Colored Corrugated Panel And Glazed Tile Roofing Roll Forming Machine For Various Industries

Product Description:

This Roll Forming Machine is ideal for various industries such as hotels, garment shops, building material shops, construction works, advertising companies, manufacturing plants, food & beverage factories, retail, and others. It can produce sheets using different types of materials such as PPGL, PPGI, and AL.

The Metal Sheet Roll Forming Machine is equipped with 13-18 roller stations which allows it to produce sheets with high precision and efficiency. Its double layer roof sheet roll forming machine feature allows the user to produce two different types of sheets simultaneously which is extremely useful in large scale productions. Its versatility and efficiency make it an ideal machine for those who require high-quality sheets in large quantities.

Features:

Product Name: Doble Layer Colored Corrugated Panel and Glazed Tile Metal Sheet Roll Forming Machine

Forming Method: Roll Forming

Roller Material: NO.45 FineSteel With Quench Treatment

Production Speed: 30-45 Meters Per Minute(as Your Require)

Main Frame Material: 350H Steel

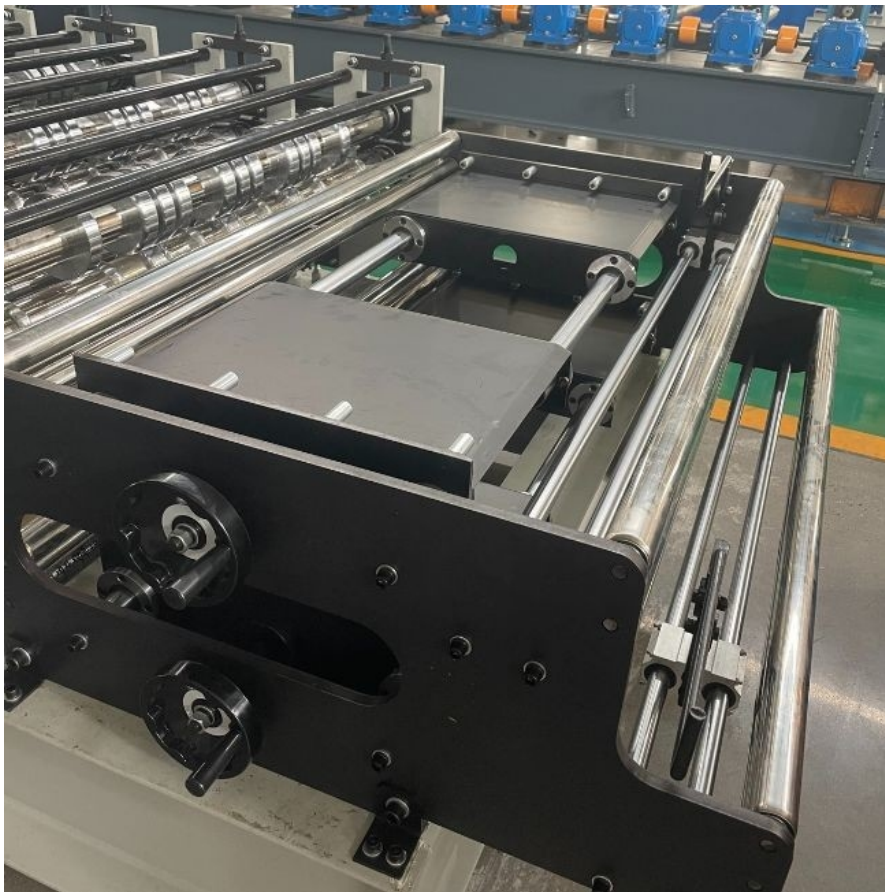

Cutting Tolerance: ± 2 mm

Features:

Floor Decking and Wall Panel Doble Layer Roll Forming Machine

Double layer roof sheet roll forming machine

Floor Decking and Wall Panel Doble Layer Roll Forming Machine

Technical Parameters:

Product Attribute	Value
Product Type	Double Layer Roll Forming Machine
Warranty	1 Year
Production Speed	30-45 Meters Per Minute
Applicable Industries	Hotels, Garment Shops, Building Material Shops, Construction Works, Advertising Company, Manufacturing Plant, Food & Beverage Factory, Retail, Others
Roller Stations	13-18 Stations
Tile Type	Colored Glazed Steel
Control System	PLC Control
Forming Method	Roll Forming
Main Frame Material	350H Steel
Cutting Tolerance	±2mm

Support and Services:

Our Metal Sheet Roll Forming Machine product comes with comprehensive technical support and services to ensure optimal performance and longevity of the machine. Our team of experienced technicians is available to provide remote and on-site assistance with installation, setup, and troubleshooting. We also offer regular maintenance and repair services to keep your machine running smoothly and efficiently. In addition, we provide training sessions to help operators and maintenance personnel understand the machine's capabilities and how to operate it safely. Our goal is to provide reliable support and services to minimize downtime and maximize productivity for our customers.

Packing and Shipping:

Product Packaging:

The metal sheet roll forming machine will be securely packed in a wooden crate.

The crate will be sealed and clearly labeled for easy identification.

Shipping:

The metal sheet roll forming machine will be shipped via sea or air, depending on the customer's preference.

We will arrange for shipping and provide the customer with all necessary documentation.

The customer is responsible for any customs fees or taxes associated with the shipment.
