Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Roof Panel
- Minimum Order Quantity: 1 Set
- Price: USD12000--USD35000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

Product Specification

- Roller Material: Cr12
- Warranty: 1 Year
- Hydraulic Power: 3 KW
- Cutting Blade Material: Cr12Mov
- Production Speed: 10-20 Meters Per Minute
- Main Motor Power: 5.5 KW
- After-Sales Service: Engineers Available To Service Machinery Overseas
- Roller Stations: 12
- Highlight: 20m/Min Roll Former Machines,

Product Description

10-20 Meters Per Minute Roll Former Machines Cr12 Roller 5.5 KW Main Motor Power

Product Description:

Our Roll Forming Machines are made with top-grade steel materials, ensuring durability and longevity. With a powerful 5.5 KW main motor, our Roll Forming Machines deliver high-speed and efficient production capabilities, ensuring maximum productivity and profitability.

Our Roll Forming Machines operate on a voltage of 380V/50Hz/3Phase, making them suitable for use in various manufacturing environments. Whether you are working in a small workshop or a large industrial facility, our Roll Forming Machines can meet your production needs.

At our company, we are committed to providing high-quality Roll Forming Machines that meet the needs of our customers. That is why we offer a 1-year warranty on all our Roll Forming Machines, giving you peace of mind and confidence in your purchase.

If you are looking for a reliable and efficient Downspout Roll Forming Machine or any other Roll Forming Machine, our products are the perfect solution. With our high-quality Roll Forming Machines, you can take your production capabilities to the next level and achieve your manufacturing goals with ease.

Features:

Product Name: Roll Former Machines

After-Sales Service: Engineers Available To Service Machinery Overseas

Roller Material: Cr12

Cutting Blade Material: Cr12Mov

Production Speed: 10-20 Meters Per Minute

Voltage: 380V/50Hz/3Phase

Technical Parameters:

Product Type	Downspout Roll Forming Machine
Cutting Type	Hydraulic Cutting
Warranty	1 Year
Production Speed	10-20 Meters Per Minute
Roller Material	Cr12
After-Sales Service	Engineers Available To Service Machinery Overseas
Cutting Blade Material	Cr12Mov
Hydraulic Power	3 KW
Roller Stations	12
Control System	PLC

Applications:

The Hangzhou Maxwell Downspout Roll Forming Machine has a minimum order quantity of 1 set and is packaged in a 40-foot container. The delivery time for this product is 60 workdays, and payment terms can be made via T/T or L/C. With a supply ability of 30 sets per month, customers can be assured that their orders will be fulfilled promptly.

The Hangzhou Maxwell Downspout Roll Forming Machine is made of steel and has 12 roller stations. It is powered by a 5.5 KW main motor and is controlled by a PLC control system. This machine is easy to operate and requires minimal maintenance, making it an ideal investment for businesses of all sizes.

Due to its high-quality construction and reliable performance, the Hangzhou Maxwell Downspout Roll Forming Machine is suitable for a wide range of application occasions and scenarios. For example, it can be used for the production of downspouts for residential and commercial buildings, as well as for industrial structures such as warehouses and factories.

Furthermore, the Hangzhou Maxwell Downspout Roll Forming Machine is backed by an after-sales service that includes engineers who are available to service the machinery overseas. This ensures that customers can continue to use their machines with confidence and peace of mind.

In conclusion, the Hangzhou Maxwell Downspout Roll Forming Machine is a versatile and reliable product that is ideal for businesses that require high-quality downspouts. With its CE and ISO9001 certification, customers can be assured of its quality and safety. Whether you are a small business or a large corporation, the Hangzhou Maxwell Downspout Roll Forming Machine is a worthwhile investment that will provide you with many years of reliable service.

Support and Services:

Our Roll Former Machines are designed and built to provide reliable and efficient performance. In the unlikely event that you encounter any technical issues with your machine, our team of experienced technicians are available to provide technical support and services to help you quickly resolve the issue.

Our technical support services include:

[Remote technical support](#)

[On-site technical support](#)

[Phone support](#)

[Email support](#)

In addition to technical support, we also offer maintenance and repair services to keep your Roll Former Machine running smoothly and minimize downtime. Our services include:

[Regular maintenance checks](#)

[Replacement of worn or damaged parts](#)

[Machine upgrades and retrofits](#)

[Emergency repair services](#)

We pride ourselves on providing exceptional customer service and support. Contact us today to learn more about our technical support and services for Roll Former Machines.

Packing and Shipping:

Product Packaging:

The Roll Former Machines will be packaged securely to prevent any damage during transportation. The components will be wrapped in protective materials and placed in sturdy boxes. The boxes will be labeled with the product name and handling instructions.

Shipping:

We offer worldwide shipping for the Roll Former Machines. The shipping costs will be calculated based on the destination and weight of the product. We use reliable shipping services to ensure that the product arrives at its destination safely and on time.
