

Blue Galvanized Steel Pallet Rack Roll Forming Machine With Servo Feeding

Our Product Introduction

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Upright rack
- Minimum Order Quantity: 1 SET
- Price: USD25000-USD75000
- Packaging Details: Nude Packaging in a 40 feet container
- Delivery Time: 60 work days
- Payment Terms: T/T, , L/C
- Supply Ability: 30 sets per month

Product Specification

- Material: Galvanized Steel
- Tile Type: Galvanized Steel
- Dimension: 11*1.2*1.4m
- Color: Blue
- Total Power: 7.5kw
- Driven Type: Gearbox
- Servo Feeding Power: 3.0kw
- Warranty Period: 18 Months
- Highlight: **Blue Pallet Rack Roll Forming Machine, Galvanized Steel Pallet Rack Roll Forming Machine**

Product Description

Blue Galvanized Steel Pallet Upright Rolling Forming Machine With Servo Feeding

Product Description:

The storage rack roll forming machine comes with an optional product design feature that allows you to customize the machine to meet your specific production needs. This means that you can choose the best product design that will help you optimize your production processes.

The machine has a dimension of 11*1.2*1.4m, making it a compact and space-saving machine that can fit into any production space. Its small size also means that it is easy to move and transport, making it a great option for businesses that need to move their production line frequently.

The storage rack roll forming machine has a production speed of 4-6m/min, which means that you can produce a large number of storage racks in a short amount of time. This makes it an ideal machine for businesses that need to produce storage racks in large quantities to meet customer demand.

The machine is designed to produce storage racks using galvanized steel, which is a durable and long-lasting material that can withstand harsh conditions. This ensures that your storage racks will be able to withstand heavy loads and last for a long time, making them a great investment for your business.

In summary, the steel storage rack roll forming machine is a high-quality and efficient machine that is designed to help you produce high-quality storage racks. With its optional product design feature, compact size, fast production speed, and use of galvanized steel, this machine is a great investment for any business that needs to produce storage racks in large quantities.

Features:

Product Name: Storage Rack Roll Forming Machine

Color: Blue

Dimension: 11*1.2*1.4m

Driven Type: Gearbox

Control Type: Automatic

Material: Galvanized Steel

This storage rack roll forming machine is perfect for creating steel storage racks. With a driven gearbox and automatic control, this storage rack production line is efficient and easy to use. The machine is made from durable galvanized steel, ensuring a long lifespan for your storage rack roll forming needs.

Technical Parameters:

PLC	Panasonic From Japan
Color	Blue

Cutting Blade	Cr12Mov
Dimension	11*1.2*1.4m
Material Of Coil	Cold-rolled Steel
Product Design	Optional
Warranty Period	18 Months
Driven Type	Gearbox
Material	Galvanized Steel
Equipment Control Type	Automatic/Semi-automatic

Applications:

With its galvanized steel material, this storage rack roll forming machine can withstand harsh environments and resist corrosion, making it ideal for use in warehouses, factories, and other industrial settings. Its driven type is a gearbox, allowing for smooth and efficient operation.

The Storage Rack Roll Forming Machine by Hangzhou Maxwell is perfect for businesses that need to produce large quantities of storage racks quickly. With a production speed of 4-6m/min, the machine can create storage racks in a matter of minutes, increasing productivity and efficiency in the workplace.

Whether you are a manufacturer looking to produce storage racks for your use, or a supplier catering to the demand of the market, this steel storage rack roll forming machine can help you achieve your goals. It is designed to produce storage racks in various sizes and shapes, giving you the flexibility to meet the needs of your clients.

Moreover, the Storage Rack Roll Forming Machine by Hangzhou Maxwell comes with an 18-month warranty period, giving you peace of mind and assurance that you are investing in a high-quality and reliable product. Its blue color adds a stylish touch to your production line, making it a great addition to your factory or warehouse.

Overall, the Storage Rack Roll Forming Machine by Hangzhou Maxwell is a must-have for any business involved in the production of storage racks. It is a cost-effective solution that can help you save time, money, and resources, while delivering high-quality results that meet or exceed the expectations of your clients. Invest in this storage rack production line today and experience the benefits of efficient and reliable manufacturing.

Support and Services:

The Storage Rack Roll Forming Machine is a high-quality production line designed to manufacture storage racks with precision and efficiency. Our technical support team is available to assist with any questions or issues that may arise during the installation and operation of the machine.

We also offer a range of services to ensure that your machine is operating at its best. These services include regular maintenance, on-site repairs, and replacement parts. Our team of experienced technicians is dedicated to providing the highest level of support to ensure that your production line is always running smoothly.

Whether you need technical assistance or service support, our team is always available to help. Contact us today to learn more about our Storage Rack Roll Forming Machine and how we can support your production needs.

Packing and Shipping:

Product Packaging:

The Storage Rack Roll Forming Machine will be packed in a wooden case to ensure safe transportation and delivery.

Shipping:

The product will be shipped via sea or air, depending on the customer's preference and location. Shipping costs will be calculated and communicated to the customer prior to shipment.
