

15T 10T 8T 5T Hydraulic Automatic Decoiler Machine For Easy Uncoiling

Our Product Introduction

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Decolier
- Minimum Order Quantity: 1 Set
- Price: USD2800-USD35000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 100 Set per Mon

Product Specification

- Warranty: 1 Year
- Drive: It Is Driven Vertically By Hydraulic Cylinder With Four Guide Pillars.
- Machine Type: Steel/PPGI/zinc
- Display: Digital
- Usage: Uncoil
- Frequency: 50Hz
- Key Selling Points: Easy To Operate
- Feeding Width: 1250mm
- Highlight: 5T Automatic Decoiler Machine,
15T Automatic Decoiler Machine,
Hydraulic Automatic Decoiler Machine

Product Description

Steel/PPGI/Zinc Automatic 15T/10T/8T/5T hydraulic Hydraulic Decoiler With Cart for Easy Uncoiling with 50Hz Frequency

Product Description:

The Hydraulic Decoiler is perfect for uncoiling materials for your manufacturing operations. It has a feeding width of 1250mm, making it suitable for various coil sizes. The digital display allows you to monitor the machine's operation and make adjustments as needed, ensuring that you get the exact cut you need every time.

One of the key selling points of the Hydraulic Decoiler is its ease of operation. The machine is designed with user-friendliness in mind, making it easy for operators to familiarize themselves with the controls and settings. This means that you can save time and minimize the risk of errors, allowing you to focus on other aspects of your business.

The Hydraulic Decoiler is a must-have for any business that deals with coil materials. Its advanced features and reliability make it a top choice for manufacturers who need a dependable and efficient way to handle their coils. With this machine, you can improve your production processes and achieve better results in less time.

Features:

Product Name: 15T/10T/8T/5T hydraulic Decoiler With Cart

Feeding Width: 1250mm

Voltage: 220V

Drive: It Is Driven Vertically By Hydraulic Cylinder With Four Guide Pillars.

Warranty: 1 Year

Machine Type: Steel/PPGI/zinc

Electric Decoiler

Hydraulic Decoiler

Technical Parameters:

Key Selling Points	Easy To Operate
Operate Style	Fully Automatic
Core Components	Motor, Pump, Other
Voltage	220V
Warranty	1 Year

Frequency	50Hz
Display	Digital
Usage	Uncoil
Feeding Width	1250mm
Drive	It Is Driven Vertically By Hydraulic Cylinder With Four Guide Pillars.

Applications:

The Hydraulic Decoiler is perfect for various occasions and scenarios. It is ideal for manufacturing companies that need to uncoil steel coils for their production processes. This product can also be used by construction companies that require steel coils for their building projects. The Hydraulic Decoiler is easy to operate, making it suitable for both experienced and novice operators. The Hydraulic Decoiler is driven vertically by a hydraulic cylinder with four guide pillars. It has a feeding width of 1250mm, which can accommodate different sizes of steel coils. The core components of this product include a motor, pump, and other necessary parts. It comes with a warranty of 1 year, ensuring that customers can rely on the product's quality. Customers can expect their orders to be delivered in 60 workdays after payment. Payment terms can be made through T/T or L/C, depending on the customer's preference. The supply ability of the Hydraulic Decoiler is 100 sets per month, ensuring that it is readily available for customers who need it. In summary, the Hydraulic Decoiler from Hangzhou Maxwell is a reliable and easy-to-use product that can be used in various manufacturing and construction scenarios. With its high-quality components and certification, customers can be assured of its safety and reliability.
