

Fully Automatic 5 Tons Hydraulic Decoiler Machine With Loading Cart

Our Product Introduction

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Decolier
- Minimum Order Quantity: 1 Set
- Price: USD8000--USD15000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 100 Set per Mon

Product Specification

- Frequency: 50Hz
- Usage: Uncoil
- Display: Digital
- Machine Type: Steel/PPGI/zinc
- Core Components: Motor, Pump, Other
- Operate Style: Fully Automatic
- Key Selling Points: Easy To Operate
- Voltage: 220V
- Highlight: **Fully Automatic Hydraulic Decoiler Machine, 5 Tons Hydraulic Decoiler Machine**

Product Description

High Efficiency Fully Automatic 5 Tons Hydraulic Decoiler Machine With Loading Cart For Smooth Uncoiling

Product Description:

One of the key selling points of our auxiliary equipment is its ease of operation. It is designed to be user-friendly, with intuitive controls and a simple interface. This makes it easy for operators to quickly learn how to use the equipment, reducing the need for extensive training and minimizing downtime.

The core components of our auxiliary equipment include a motor, pump, and other high-quality parts. These components are carefully selected to ensure reliable and consistent performance, even in demanding manufacturing environments. Our equipment is built to last, with durable materials and robust construction that can withstand the rigors of daily use.

Whether you choose our hydraulic decoiler or electric decoiler, you can be confident that you are investing in a high-quality piece of equipment that will improve the efficiency and productivity of your manufacturing process. Our team of experts is available to provide support and guidance, ensuring that you get the most out of your investment.

Features:

Product Name: 5 Tons Hydraulic Decoiler Machine With Loading Cart

Feeding Width: 1250mm

Operate Style: Fully Automatic

Core Components:

Motor

Pump

Other

Usage: Uncoil

Warranty: 1 Year

Electric Decoiler: Not included

Hydraulic Decoiler: Included

Mechanical Decoiler: Not included

Technical Parameters:

Machine Type	Steel/PPGI/Zinc
Feeding Width	1250mm
Usage	Uncoil
Key Selling Points	Easy To Operate
Warranty	1 Year
Operate Style	Fully Automatic
Voltage	220V
Core Components	Motor, Pump, Other
Frequency	50Hz
Display	Digital

Applications:

The Electric Decoiler, Hydraulic Decoiler, and Electric Decoiler are versatile products with a wide range of applications. They are primarily used for uncoiling metal sheets and coils. The feeding width of these products is 1250mm, and they operate at a frequency of 50 Hz. These products are easy to operate, making them an ideal choice for both experienced and novice operators.

The Electric Decoiler, Hydraulic Decoiler, and Electric Decoiler are suitable for a variety of occasions and scenarios. They are commonly used in metalworking factories, construction sites, and automotive plants. These products are also used in the manufacturing of household appliances, such as refrigerators and air conditioners. Additionally, they are widely used in the production of steel products, such as pipes, tubes, and wires.

Hangzhou Maxwell stands behind the quality of their products and offers a one-year warranty on the Electric Decoiler, Hydraulic Decoiler, and Electric Decoiler. The company has a supply ability of 100 sets per month, ensuring that customers can get their hands on these products whenever they need them.

Customization:

Product Customization Services:

Brand Name: Hangzhou Maxwell
 Place of Origin: Zhejiang, China
 Certification: CE, ISO9001
 Minimum Order Quantity: 1 Set
 Packaging Details: Nude Packing In a 40 Feet Container
 Delivery Time: 60 workdays
 Payment Terms: T/T; L/C
 Supply Ability: 100 Set per Month
 Operate Style: Fully Automatic
 Usage: Uncoil
 Feeding Width: 1250mm
 Key Selling Points: Easy To Operate
 Drive: It Is Driven Vertically By a Hydraulic Cylinder With Four Guide Pillars.

Available Decoiler Options:

1. Electric Decoiler
2. Hydraulic Decoiler
3. Electric Decoiler

Support and Services:

The Auxiliary Equipment product comes with comprehensive technical support and services to ensure optimal performance and efficiency. Our team of experienced technicians is available to assist with installation, setup, troubleshooting, and maintenance of the equipment. We also offer training and consultation services to help our customers get the most out of their investment. In addition, we provide warranty and repair services to keep the equipment running smoothly. Contact us to learn more about our technical support and services for the Auxiliary Equipment product.
