Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Purlin
- Minimum Order Quantity: 1 Set
- Price: USD25000-USD75000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

Product Specification

- Cutter Material: Cr12Mov With Quenched
- Forming Speed: 0-30m/min
- Key Selling Points: Easy To Operate
- Roller Driven Type: Gearbox Or Double Chain Transmission
- Rolling Thickness: 1.5-3.0mm
- Applicable Industries: Building Material Shops, Machinery Repair Shops, Manufacturing Plant, Construction Works
- Roller Stations: 16stands And 7 Levelling Rolls
- Power Supply: 3-Phase 380V Or Any
- Highlight: **Heavy Duty Purlin Roll Forming Machine, Purlin Roll Forming Machine Easy Operation, CZ Purlin Machine Easy Operation**

Product Description

Heavy Duty C Z Purlin Roll Forming Machine With Cr12Mov Cutter Easy Operation Gearbox Driven For 1.5-3.0mm

Product Description:

The Inverter used in the Purlin Roll Forming Machine is either Yaskawa or Panasonic, two of the most trusted brands in the industry. This ensures reliable performance and consistent results, making the machine ideal for commercial and industrial use.

The Rollers of the Purlin Roll Forming Machine are made from GCr15 Bearing Steel With Quench Treatment, HRC58-62, which ensures durability and longevity. This material also provides excellent resistance to wear and tear, making it perfect for heavy-duty use.

One of the key selling points of the Purlin Roll Forming Machine is its ease of operation. The machine is designed to be user-friendly and requires minimal training, allowing operators to get started quickly and easily. This makes the machine ideal for small to medium-sized businesses that need to produce high-quality purlins without extensive training or experience.

The Purlin Roll Forming Machine has 16 stands and 7 levelling rolls, providing ample capacity for large-scale production. This means that businesses can produce purlins quickly and efficiently, without sacrificing quality or precision.

Features:

Product Name: Purlin Roll Forming Machine

Power Supply: 3-Phase 380V Or Any

Forming Speed: 0-30m/min

Cutter Material: Cr12Mov With Quenched

Rolling Thickness: 1.5-3.0mm

Roller Stations: 16stands And 7 Levelling Rolls

Looking for a reliable **Purlin Roll Former** that can produce high-quality metal purlins? Look no further than our **Purlin Roll Forming Machine**. With a power supply that can accommodate 3-phase 380V or any other voltage, this **Purlin Roll Machine** is capable of forming purlins at a speed of 0-30m/min. Its cutter material is made from Cr12Mov with quenched, meaning it is durable enough to withstand long-term use. Additionally, the roller stations on this machine consist of 16 stands and 7 levelling rolls, ensuring that your metal purlins are formed to perfection. Invest in our **Purlin Roll Forming Machine** today and take your metalworking production to the next level!

Technical Parameter	Value
Inverter	Yaskawa/Panasonic

Forming Speed	0-30m/min
Power Supply	3-Phase 380V Or Any
Roller Driven Type	Gearbox Or Double Chain Transmission
Material of Rollers	GCr15 Bearing Steel With Quench Treatment,HRC58-62
Cutter Material	Cr12Mov With Quenched
Forming Profile	C Z Purlin 100-300mm
Applicable Industries	Building Material Shops, Machinery Repair Shops, Manufacturing Plant, Construction Works
Cutting Tolerance	±2mm
Cutting Tool Material	Cr12Mov

Applications:

With its CE and ISO9001 certification, you can rest assured that this machine is of the highest quality and meets all necessary safety standards. It is also incredibly easy to operate, making it a great choice for both experienced professionals and those who are new to the industry.

The minimum order quantity for this product is 1 set, and it comes with nude packing in a 40 feet container. The delivery time is 60 workdays, and payment can be made via T/T or L/C. With a supply ability of 30 sets per month, you can count on this machine to keep up with your production needs.

The inverter for this machine is either Yaskawa or Panasonic, depending on your preference. The cutter material is Cr12Mov with quenched, ensuring that it is durable and long-lasting. The forming speed is adjustable, with a range of 0-30m/min, making it easy to customize the machine to your specific needs.

The key selling points of this machine are its ease of use and high-quality output. It is perfect for a variety of industries, including building material shops, machinery repair shops, manufacturing plants, and construction worksites. Whether you need a purlin roll machine for a large-scale production line or a smaller operation, the Hangzhou Maxwell Purlin Roll Forming Machine is the perfect choice for you.

Support and Services:

The Purlin Roll Forming Machine product comes with comprehensive technical support and services to ensure optimal performance and minimal downtime. Our team of experienced technicians is available for on-site installation, training, and maintenance. We also offer remote technical support to quickly resolve any issues that may arise. In addition, we provide regular software updates and upgrades to keep your machine up-to-date with the latest technology and features. Our goal is to provide you with the highest level of support and service to help you achieve maximum productivity and profitability.

Packing and Shipping:

Product Packaging:

The Purlin Roll Forming Machine will be packaged securely in a wooden crate with foam padding to ensure safe transportation and delivery.

Shipping:

The machine will be shipped via sea freight or air freight, depending on the customer's preference and location. We work with reputable shipping companies to ensure timely delivery and safe handling of the product.
