

20 Stand Door Window Roll Forming Machine 7.5kW With Cr12 Rollers / 0.7-1.2mm Rolling

Our Product Introduction

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Door Frame
- Minimum Order Quantity: 1 Set
- Price: USD15000-USD45000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

Product Specification

- Roller Material: Cr12
- Core Components: Pressure Vessel, Motor, Other, Bearing, Gear, Pump, Gearbox, Engine, PLC
- Roller Stations: 12stands
- Cutting Blade Material: Cr12Mov
- Rolling Thickness: 0.7-1.2mm
- Power Source: Electric
- Applicable Industries: Hotels, Garment Shops, Building Material Shops, Manufacturing Plant, Machinery Repair Shops, Food & Beverage Factory, Farms, Restaurant, Home Use, Retail, Food Shop, Printing Shops, Construction Works, Energy & Mining, Food & Beverage Shops, Other, Advert
- Warrantv: 1 Year

Product Description

20-Stand Electric Door Window Roll Forming Machine with Cr12 Rollers / 0.7-1.2mm Rolling

Product Description:

The Door Window Roll Forming Machine is made up of several core components such as a pressure vessel, motor, bearings, gears, pump, gearbox, engine, and a PLC. These components work together seamlessly to ensure maximum efficiency and durability. The machine features 12 stands for roller stations, allowing for a wide range of door and window sizes and designs. The main motor power is 5.5kW, providing ample power for continuous and heavy-duty use. The rolling thickness of this machine is 0.3-0.8mm, making it suitable for various applications.

The Door Window Roll Forming Machine is not just limited to producing doors and windows. It can also be used to make Drywall Roll Forming Machines and Australia Style Shutter Door Roll Forming Machines. This versatility makes it an excellent investment for any business looking to expand its product offerings.

Investing in a Door Window Roll Forming Machine is a wise decision for businesses that want to streamline their production process and increase efficiency. This machine is easy to operate and maintain, making it perfect for both small and large-scale production needs. With its high-quality components and precise cutting system, the Door Window Roll Forming Machine is an excellent choice for Door Frame Making Machine.

Features:

Product Name: Door Window Roll Forming Machine

Roller Stations: 20stands

Rolling Thickness: 0.7-1.2mm

Main Motor Power: 7.5kW

Applicable Industries: Hotels, Garment Shops, Building Material Shops, Manufacturing Plant, Machinery Repair Shops, Food & Beverage Factory, Farms, Restaurants, Home Use, Retail, Food Shop, Printing Shops, Construction Works, Energy & Mining, Food & Beverage Shops, Other, Advertising Company

Material: Steel

This Door Window Roll Forming Machine is also known as the Door Frame Making Machine or Drywall Roll Forming Machine.

Technical Parameters:

Cutting Blade Material	Cr12Mov
------------------------	---------

Cutting Type	Hydraulic Cutting
Core Components	Pressure Vessel, Motor, Other, Bearing, Gear, Pump, Gearbox, Engine, PLC
Warranty	1 Year
Name	Shutter Door Roll Forming Machine
Main Motor Power	7.5kW
Control System	PLC
Material	Steel
Machine Frame	Vertical Arch Frame Structure
Roller Stations	20stands

Applications:

The Hangzhou Maxwell Door Window Roll Forming Machine is manufactured in Zhejiang, China and is certified with CE and ISO9001 standards. It has a minimum order quantity of 1 set and is packaged in nude packing in a 40 feet container. The delivery time is 60 workdays and the payment terms are T/T and L/C. The supply ability is 30 sets per month.

The material used in the manufacturing of the Door Window Roll Forming Machine is steel, which makes it sturdy and durable. The machine frame has a vertical arch frame structure that ensures stability during operation. The cutting type is hydraulic cutting, which ensures accuracy and precision. The rolling thickness is 0.3-0.8mm, which makes it suitable for producing high-quality shutter doors. The Australia Style Shutter Door Roll Forming Machine is suitable for use in various scenarios such as construction sites, factories, and workshops. It is also ideal for use in the production of garage doors, industrial doors, and commercial shutters. The machine is easy to operate and maintain, making it a convenient tool for businesses that need to produce high-quality shutters regularly.

In conclusion, the Door Window Roll Forming Machine from Hangzhou Maxwell is an excellent investment for businesses that need to produce high-quality Australia-style Shutter Doors. Its sturdy construction, hydraulic cutting, and vertical arch frame structure ensure accuracy and precision during operation. With a supply ability of 30 sets per month, businesses can rest assured that they will have a reliable tool for their shutter production needs.

Support and Services:

The Door Window Roll Forming Machine is a high-end product that requires technical support and services to ensure optimal performance and longevity. Our team of experts is dedicated to providing top-notch support to our customers, including:

[Installation assistance and guidance](#)

[Training on machine operation and maintenance](#)

[Regular maintenance and troubleshooting services](#)

[Repair services for any malfunction or damage](#)

[Upgrades and customization options to enhance machine performance](#)

We understand the importance of keeping your production line running smoothly and efficiently, which is why we offer comprehensive technical support and services for the Door Window Roll Forming Machine. Trust us to keep your business moving forward.

Packing and Shipping:

The Door Window Roll Forming Machine will be securely packaged in a wooden crate to ensure safe delivery.

Shipping:

The product will be shipped via standard ground shipping and will arrive within 7-10 business days. Expedited shipping options are available upon request for an additional fee. Please note that shipping costs may vary depending on your location.
