

## 0-25m/min Metal Sheet Straightening Machine Anti Slip Metal Plate Embossing Machine

### Our Product Introduction

For more products please visit us on [roll-formermachines.com](http://roll-formermachines.com)

#### Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Leveling Machine
- Minimum Order Quantity: 1 Set
- Price: USD5000-USD20000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 100 Set per Mon

#### Product Specification

- Voltage: 220V
- Frequency: 50Hz
- Warranty: 1 Year
- Width: 600-1600mm
- Application: Carbon Steel, Hot Rolled Steel
- Cut Length: 600-6000mm
- Name: Metal Sheet Straightening Leveling Machine
- Line Speed: 0-25m/min
- Highlight: **Metal Sheet Straightening Machine,  
25m/Min Sheet Straightening Machine,  
Anti Slip Metal Plate Embossing Machine**

## Product Description

### Speed Metal Sheet Straightening Leveling Machine Anti-Slip Metal Plate Embossing Machine with PLC Control

#### Product Description:

With a cutting length range of 600-6000mm and a thickness range of 2-6mm, this state-of-the-art machine is designed to handle even the toughest steel roofing jobs. Whether you're working with carbon steel or hot-rolled steel, this machine is up to the task.

In addition to its impressive cutting capabilities, the Automatic Stacker for Steel Roof also features an advanced Metal Sheet Leveling Machine. This machine ensures that your steel roofing sheets come out perfectly flat and level, eliminating the need for time-consuming manual adjustments.

With a width range of 600-1600mm, this machine is the ideal choice for a wide range of steel roofing applications. Whether you're cutting large sheets for commercial roofing projects or smaller sheets for residential roofs, the Automatic Stacker for Steel Roof has you covered. And with a 1-year warranty, you can be confident that you're making a smart investment in your business. So why wait? Invest in the Automatic Stacker for Steel Roof and take your steel roofing game to the next level!

#### Features:

Product Name: Auxiliary Equipment

Name: Metal Sheet Straightening Leveling Machine

Voltage: 220V

Thickness: 2-6mm

Application: Carbon Steel, Hot Rolled Steel

Frequency: 50Hz

#### Technical Parameters:

Product Name	Metal Sheet Straightening Leveling Machine
Coil Weight	15T/20T
Control Model	PLC Control
Application	Carbon Steel, Hot Rolled Steel
Width	600-1600mm

Cut Length	600-6000mm
Warranty	1 Year
Frequency	50Hz
Thickness	2-6mm
Line Speed	0-25m/min

### Applications:

The Steel Sheet Leveling Machine is designed to level steel sheets with a cut length of 600-6000mm, thickness of 2-6mm, and coil weight of 15T/20T. The control model of the machine is PLC control, which makes it easy to operate and control. The voltage requirement for the machine is 220V, which is standard for most countries.

The Automatic Stacker for Steel Roof is another auxiliary equipment product offered by Hangzhou Maxwell. It is designed to stack steel roof sheets automatically, making it more efficient and faster compared to manual stacking. The Automatic Stacker for Steel Roof can be used in various occasions and scenarios, including construction sites, factories, and warehouses. It is a versatile product that can handle different sizes and weights of steel roof sheets, making it a valuable addition to any operation.

In conclusion, Hangzhou Maxwell is a trusted brand in the auxiliary equipment industry, offering quality products such as the Steel Sheet Leveling Machine and Automatic Stacker for Steel Roof. These products are designed to meet international standards and are suitable for various occasions and scenarios. With a reliable supply chain and excellent customer service, Hangzhou Maxwell is a great choice for any business looking to invest in auxiliary equipment.

### Support and Services:

Our Auxiliary Equipment product comes with comprehensive technical support and services to ensure that our customers get the most out of their investment. Here are some of the support and services we offer:

[Installation assistance](#)

[Equipment training and education](#)

[Maintenance and repair services](#)

[Remote technical support](#)

[Equipment optimization consultations](#)

[Equipment upgrade and retrofit services](#)

Our team of experienced technicians and engineers is dedicated to providing prompt and efficient support to our customers. We understand that our customers rely on our products for their operations, and we are committed to delivering reliable and effective solutions to any technical issues they may encounter.

### Packing and Shipping:

Product Packaging:

[1 Auxiliary Equipment unit](#)

[1 Power cord](#)

[Instruction manual](#)

Shipping:

We offer free standard shipping within the continental United States. For international orders, shipping rates will be calculated at checkout.
