

PLC Controlled Metal Sheet Straightening Leveling Machine 2-6mm 220V Voltage

Our Product Introduction

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Leveling Machine
- Minimum Order Quantity: 1 Set
- Price: USD5000-USD15000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 100 Set per Mon

Product Specification

- Width: 600-1600mm
- Thickness: 2-6mm
- Application: Carbon Steel, Hot Rolled Steel
- Voltage: 220V
- Warranty: 1 Year
- Control Model: PLC Control
- Line Speed: 0-25m/min
- Name: Metal Sheet Straightening Leveling Machine
- Highlight: **PLC Controlled Straightening Leveling Machine, Metal Sheet Straightening Leveling Machine**

Product Description

PLC Controlled Metal Sheet Straightening Leveling Equipment 2-6mm 220V Voltage

Product Description:

The equipment operates at a frequency of 50Hz, ensuring that it can run smoothly and efficiently. It also features a line speed of 0-25m/min, allowing for a fast and effective production process. The cut length range of 600-6000mm ensures that you can cut your steel sheets to the desired length with ease.

The control model of this Auxiliary Equipment is PLC Control, which provides a user-friendly interface that can be easily operated by your staff. This feature ensures that your operations can be streamlined, and the equipment can be operated with minimal supervision.

This equipment is perfect for any steel sheet processing industry. It can be used as a Steel Sheet Leveling Machine, ensuring that your sheets are level and ready for further processing. It can also be used as an Automatic Stacker for Steel Roof, which allows for easy stacking of your steel sheets, saving you time and effort. Additionally, it can be used as an Automatic Stacker for Steel Roof, ensuring that your sheets are stacked neatly and securely.

The Auxiliary Equipment is a reliable and efficient option for any steel sheet processing industry. It is made with high-quality materials and built to last, ensuring that you get the best value for your investment. Its versatility and range of features make it a must-have for any business looking to enhance their productivity and streamline their operations.

Features:

Product Name: Metal Sheet Straightening Leveling Equipment

Thickness: 2-6mm

Line speed: 0-25m/min

Coil weight: 15T/20T

Cut length : 600-6000mm

Width: 600-1600mm

Sheet Metal Leveling Machine

Automatic stacker for steel roof

Steel Sheet Leveling Machine

Technical Parameters:

Name	Metal Sheet Straightening Leveling Machine
Width	600-1600mm
Thickness	2-6mm

Line speed	0-25m/min
Cut length	600-6000mm
Coil weight	15T/20T
Application	Carbon Steel, Hot Rolled Steel
Frequency	50Hz
Control model	PLC Control
Warranty	1 Year

Applications:

Some of the most common applications for this Sheet Metal Leveling Machine include metalworking, construction, and automotive manufacturing. It is ideal for straightening and flattening a variety of steel sheets, including hot-rolled, cold-rolled, and galvanized sheets. The machine is also capable of handling sheets of varying thicknesses, making it a versatile tool for any job.

The Hangzhou Maxwell Sheet Metal Leveling Machine is manufactured in Zhejiang, China and comes with CE and ISO9001 certification. It has a minimum order quantity of 1 set and is packaged in a 40 feet container for safe and secure transportation. The delivery time is 60 workdays, and the payment terms include T/T and L/C.

The machine's PLC control model makes it easy to operate and ensures precise and accurate leveling. It has a line speed of 0-25m/min and can handle coil weights of up to 15T/20T. This makes it an efficient and powerful tool that can handle even the most demanding jobs with ease.

The Hangzhou Maxwell Sheet Metal Leveling Machine is in high demand, with a supply ability of 100 sets per month. So whether you need it for a large-scale manufacturing operation or a smaller-scale job, this machine is the perfect tool for the job.

Support and Services:

Our Auxiliary Equipment product comes with comprehensive technical support and services to ensure optimal performance and efficiency. Our team of experienced technicians is available to provide installation, maintenance, and repair services as needed. We also offer training and documentation to ensure that users have a complete understanding of the product and its capabilities. Our technical support team is available 24/7 to answer any questions or address any concerns that may arise. Additionally, we offer customization services to tailor the product to the specific needs of our customers. Contact us to learn more about our technical support and services for the Auxiliary Equipment product.

Packing and Shipping:

Product Packaging:

1 Auxiliary Equipment Unit

1 User Manual

1 Power Cord

1 Warranty Card

Shipping Information:

Shipping Method: Standard Shipping

Estimated Delivery Time: 5-7 business days

Shipping Cost: Free

Shipping Restrictions: This product can only be shipped within the United States.
