

## Roofing Round Downspout Machine 15m/min Gutter Downspout Machine

### Our Product Introduction

#### Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Gutter Downspout
- Minimum Order Quantity: 1 Set
- Price: USD12000--USD30000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

#### Product Specification

- Roller Material: NO.45 Fine Steel With Quench Treatment, HRC58-62
- Shaft Material: NO.45 Fine Steel
- Speed: 15m/min
- Applicable Industries: Building Material Shops, Manufacturing Plant, Construction Works, Other
- Material: Galvanized Steel Coils
- Forming Stations: 19stands
- Name: Gutter Downspout Roll Forming Machine
- Color: Customizable
- Highlight: **Roofing Round Downspout Machine, 15m/Min Gutter Downspout Machine**

## Product Description

### Roofing Round Gutter Downspouts Roll Forming Machine For Steel Gutter Downspout

#### Product Description:

The Round Downspout Roll Forming Machine is designed to produce round downspouts and half round gutters with a thickness range of 0.4-0.8mm. The machine can be easily operated, and the forming process is smooth and efficient. The machine is equipped with a PLC control system, which allows for easy control of the machine's speed and forming process.

The machine is designed for long-term use and requires minimal maintenance. If any maintenance is required, engineers are available to service the machinery overseas. This ensures that the machine will always be in good working condition and that any issues that may arise can be quickly resolved.

The Round Downspout Roll Forming Machine is an excellent investment for those in the gutter and downspout industry. With its precision and accuracy, the machine can produce high-quality downspouts and half round gutters in a variety of sizes and shapes. The machine is easy to operate and requires minimal maintenance, making it a cost-effective solution for any business.

#### Features:

Product Name: Gutter Downspout Roll Forming Machine

Speed: 15m/min

Shaft Material: NO.45 Fine Steel

Roller Material: NO.45 Fine Steel With Quench Treatment,HRC58-62

Applicable Industries: Building Material Shops, Manufacturing Plant, Construction Works , Other

Warranty: 1 Year

Features:

Square metal downspout roll forming machine

Half round gutter roll forming machine

Square metal downspout roll forming machine

#### Technical Parameters:

Product Name:	Gutter Downspout Roll Forming Machine
Forming Stations:	19 stands

Shaft Material:	NO.45 Fine Steel
Main Motor Power:	7.5KW
Speed:	15m/min
Applicable Industries:	Building Material Shops, Manufacturing Plant, Construction Works, Other
Thickness:	0.4-0.8mm
Roller Material:	NO.45 Fine Steel With Quench Treatment, HRC58-62
Warranty:	1 Year
Material:	Galvanized Steel Coils

Keywords: Metal rain gutter roll forming machine, Half round gutter roll forming machine, Square gutter downpipe and connector roll forming machine

### Applications:

Residential and commercial construction projects

Industrial buildings and warehouses

Roofing and gutter installation businesses

Home improvement and DIY projects

With a shaft material made from NO.45 Fine Steel and 19 forming stations, this machine can produce high-quality gutter downspouts and rain gutters quickly and efficiently. It has a speed of 15m/min, and a thickness range of 0.4-0.8mm. The customizable color options allow for seamless integration with any project.

The Gutter Downspout Roll Forming Machine is certified with CE and ISO9001, ensuring high-quality standards. The minimum order quantity is one set and the packaging details include nude packing in a 40 feet container. The delivery time is 60 workdays, and payment terms include T/T and L/C. The supply ability is 30 sets per month, making it a reliable choice for businesses of all sizes.

### Support and Services:

The Gutter Downspout Roll Forming Machine is designed and manufactured with high-quality materials and advanced technologies, ensuring superior performance and durability. Our technical support team is available to provide assistance with installation, operation, maintenance, and troubleshooting of the machine. We also offer product training and customization services to meet the specific needs of our customers. In addition, our warranty and repair services ensure that any issues with the machine are resolved promptly and efficiently. Contact us for more information on our technical support and services.

### Packing and Shipping:

The Gutter Downspout Roll Forming Machine is securely packed in a wooden crate to ensure safe transportation and delivery. The machine is wrapped with protective material to prevent any scratches or damages during transit. The crate is also labeled with handling instructions for the convenience of the transportation team.

Shipping:

We offer worldwide shipping for the Gutter Downspout Roll Forming Machine. The shipping cost may vary depending on the destination and delivery time. The machine will be shipped by sea to ensure the safest and most cost-effective delivery. We will provide the customer

with a tracking number once the machine has been shipped.
