

Heavy Duty Pillar Making Machine T Beam With Punching Shelf Roll Forming Machine

Our Product Introduction

For more products please visit us on roll-formermachines.com

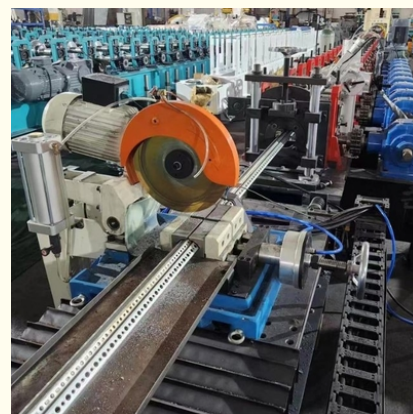

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Storage Shelf Rack
- Minimum Order Quantity: 1 Set
- Price: USD25000-USD75000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

Product Specification

- Cutting Blade: Cr12Mov
- Total Power: 7.5kw
- Plc: Panasonic From Japan
- Equipment Control Type: Automatic/Semi-automatic
- Warranty Period: 18 Months
- Material Of Coil: Cold-rolled Steel
- Color: Blue
- Product Design: Optional
- Highlight: Punching Shelf Roll Forming Machine,
T Beam Roll Forming Machine,
Heavy Duty Pillar Making Machine

Product Description

Product Description:

Our storage rack production line is equipped with a PLC from Panasonic, Japan, ensuring that you get the best quality and reliability possible. The PLC controls the entire process, from feeding the material to the final product, ensuring that everything is done with precision and accuracy. This means that you can produce storage racks with minimal waste and maximum efficiency, saving you time and money.

The storage rack roll forming machine comes in a striking blue color, making it easy to spot in your production line. The color not only looks great but also adds an extra layer of durability and protection to the machine, ensuring that it lasts for years to come.

We stand behind the quality of our storage rack roll forming machine and offer an 18-month warranty period, giving you peace of mind and confidence in your purchase. You can trust that our machine will perform consistently and reliably, meeting all of your storage rack production needs.

Features:

Product Name: Storage Rack Roll Forming Machine

Driven Type: Gearbox

Dimension: 11*1.2*1.4m

Production Speed: 4-6m/min

Product Design: Optional

Cutting Blade: Cr12Mov

This heavy-duty storage rack roll forming mill is perfect for producing high-quality steel storage racks. With its gearbox-driven system, it can efficiently create storage racks at a production speed of 4-6m/min. Additionally, the product design is optional, allowing for customization to meet your specific needs. The cutting blade, made of Cr12Mov, ensures precision cuts every time.

Technical Parameters:

Control Type	Automatic
Driven Type	Gearbox
Dimension	11*1.2*1.4m
Cutting Blade	Cr12Mov

Product Design	Optional
Equipment Control Type	Automatic/Semi-automatic
Color	Blue
Production Speed	4-6m/min
Servo Feeding Power	3.0kw
Material Of Coil	Cold-rolled Steel

Applications:

With a dimension of 11*1.2*1.4m, this machine is compact and easy to install. It comes with a PLC control system from Panasonic, Japan, which ensures precision and accuracy in the production process. The servo feeding power of 3.0kw ensures smooth and stable operations, while the automatic/semi-automatic control type makes it easy to operate.

The Hangzhou Maxwell Storage Rack Roll Forming Machine is certified by CE and ISO9001, guaranteeing its quality and reliability. The minimum order quantity is 1 set, and it is delivered in nude packing in a 40 feet container. The delivery time is 60 workdays, and the payment terms include T/T and L/C.

This machine is designed for producing storage racks using galvanized steel tiles. It is a versatile and efficient machine that can produce up to 30 sets per month, making it ideal for industrial storage rack roll forming plants.

The Hangzhou Maxwell Storage Rack Roll Forming Machine is suitable for various application occasions and scenarios, such as warehouses, factories, supermarkets, and logistics centers. It is an excellent choice for businesses looking to increase their storage capacity and improve their operations.

Support and Services:

The Storage Rack Roll Forming Machine is a high-precision equipment that is designed to produce storage racks with high efficiency and quality. Our technical support and services for this product include:

Installation and commissioning of the machine

Training of operators and maintenance staff

Technical consultation and troubleshooting support

Regular maintenance and repair services

Supply of spare parts and accessories

We are committed to providing our customers with reliable and professional technical support and services to ensure that their production runs smoothly and efficiently. Our team of experienced engineers and technicians is always ready to assist you with any questions or issues you may have with the Storage Rack Roll Forming Machine.

Packing and Shipping:

Product Packaging:

The Storage Rack Roll Forming Machine is packed in a sturdy wooden crate to ensure safe transportation.

The crate is lined with foam to prevent any damage during shipping.

All components and parts of the machine are securely packaged and protected.

Shipping:

The machine will be shipped via sea or air, depending on customer's preference and location.

We will arrange for shipping and provide customers with tracking information.

The delivery time will vary depending on the destination and shipping method.

FAQ:

Q1: What is the brand name of this storage rack roll forming machine?

A1: The brand name of this machine is Hangzhou Maxwell.

Q2: Where is this storage rack roll forming machine manufactured?

A2: This machine is manufactured in Zhejiang, China.

Q3: What are the certifications of this storage rack roll forming machine?

A3: This machine is certified with CE and ISO9001.

Q4: What is the minimum order quantity for this storage rack roll forming machine?

A4: The minimum order quantity for this machine is 1 set.

Q5: What are the payment terms and delivery time for this storage rack roll forming machine?

A5: The payment terms for this machine are T/T and L/C. The delivery time is 60 workdays.

Q6: What is the packaging and supply ability of this storage rack roll forming machine?

A6: This machine is s
