

Fully Automatic Gearbox Driven Industrial Fence Upright Storage Rack Roll Forming Machine

Our Product Introduction

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Storage Shelf Rack
- Minimum Order Quantity: 1 Set
- Price: USD25000-USD75000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

Product Specification

- Control Type: Automatic
- Tile Type: Galvanized Steel
- Plc: Panasonic From Japan
- Total Power: 7.5kw
- Product Design: Optional
- Color: Blue
- Production Speed: 4-6m/min
- Equipment Control Type: Automatic/Semi-automatic
- Highlight: Fully Automatic rack roll forming machine, Gearbox Driven rack roll forming machine, Industrial Fence rack roll forming machine

Product Description

Product Description:

One of the key features of this storage rack roll forming machine is its optional product design. This feature allows businesses to customize their storage racks to meet their specific needs. Whether a business needs storage racks that are taller, wider, or have additional shelves, this machine can accommodate their needs.

The storage rack roll forming machine is driven by a gearbox, which provides a reliable and consistent level of power to the machine. This ensures that the machine can operate at peak efficiency for extended periods without any issues. The machine has a total power output of 7.5kw, which is enough to handle most production needs.

Another important feature of the storage rack roll forming machine is its warranty period. With an 18-month warranty, businesses can be confident that they are investing in a high-quality machine that will last for years to come. This warranty covers any defects or issues that may arise during the warranty period, giving businesses peace of mind.

In conclusion, the storage rack roll forming machine is an essential tool for any business that needs to produce high-quality steel storage racks quickly and efficiently. With its fast production speed, optional product design, reliable gearbox drive, and long warranty period, this machine is an excellent investment for any business looking to improve their storage rack production capabilities.

Features:

Product Name: steel storage rack roll forming machine

Servo Feeding Power: 3.0kw

Equipment Control Type: Automatic/Semi-automatic

Color: Blue

Material Of Coil: Cold-rolled Steel

Tile Type: Galvanized Steel

Perfect for: industrial storage rack roll forming plant, storage rack roll forming machine

Technical Parameters:

Product Attribute	Value
Product Name	Steel Storage Rack Roll Forming Machine
Production Line	Storage Rack Production Line

Material	Galvanized Steel
Production Speed	4-6m/min
Driven Type	Gearbox
Warranty Period	18 Months
Material Of Coil	Cold-rolled Steel
Plc	Panasonic From Japan
Color	Blue
Equipment Control Type	Automatic/Semi-automatic
Tile Type	Galvanized Steel
Servo Feeding Power	3.0kw

Applications:

Our storage rack roll forming machines are made of high-quality materials, including cold-rolled steel and galvanized steel. They are designed to produce high-quality storage racks with maximum efficiency and precision. The equipment control type is automatic/semi-automatic, providing ease of use and a high degree of accuracy. Our machines are suitable for a wide range of applications, including warehouse storage, logistics, and industrial production.

Our storage rack production line is built to last, ensuring a long service life and minimal maintenance requirements. The minimum order quantity is 1 set, and the packaging details are nude packing in a 40-foot container. The delivery time is 60 workdays, and we accept payment terms of T/T and L/C. Our supply ability is 30 sets per month, ensuring that we can meet the needs of our customers promptly. Our storage rack roll forming machines come with a warranty period of 18 months, providing peace of mind to our customers. Whether you need an automatic or semi-automatic machine, our storage rack roll forming machines are the perfect choice for your industrial storage rack roll forming plant.

Customization:

Support and Services:

Our Storage Rack Roll Forming Machine is a high-quality product that is designed to meet your needs for efficient and reliable storage rack production. Our product technical support and services include:

Installation and commissioning services to ensure proper setup and operation of the machine.

Training services to help you and your team become familiar with the machine and its operation.

Maintenance and repair services to keep your machine running at peak performance.

Replacement parts and accessories to ensure that your machine is always operating at its best.

Technical support services to answer any questions you may have about the machine or its operation.

Our team of experts is dedicated to providing you with the highest level of service and support to ensure that your production needs are met. Contact us for more information on our product technical support and services.

Packing and Shipping:

Product Packaging:

The Storage Rack Roll Forming Machine will be securely packed in a wooden crate to ensure safe transportation. The machine will be wrapped with protective materials to prevent any damages during shipping.

Shipping:

The Storage Rack Roll Forming Machine will be shipped within 30 days of receiving the order. The shipping method will be determined by the buyer's preference and location. Additional shipping charges may apply depending on the destination and shipping method.

FAQ:**Q: What is the brand name of this Storage Rack Roll Forming Machine?**

A: The brand name of this machine is Hangzhou Maxwell.

Q: Where is this Storage Rack Roll Forming Machine made?

A: This machine is made in Zhejiang, China.

Q: What certifications does this Storage Rack Roll Forming Machine have?

A: This machine is certified by CE and ISO9001.

Q: What is the minimum order quantity for this Storage Rack Roll Forming Machine?

A: The minimum order quantity for this machine is 1 set.

Q: What are the payment terms for this Storage Rack Roll Forming Machine?

A: The payment terms for this machine are T/T and L/C.

Q: What is the packaging and delivery details for this Storage Rack Roll Forming Machine?

A: The machine is packaged in nude packing in a 40 feet container. The delivery time is 60 workdays. The supply ability is 30 sets per month.
