

## Gearbox Heavy Duty Storage Rack Roll Forming Mill Upright Rack Roll Forming Machine

### Our Product Introduction

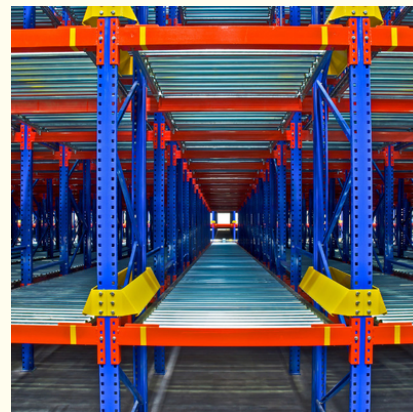

#### Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Storage Shelf Rack
- Minimum Order Quantity: 1 Set
- Price: USD25000-USD75000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

#### Product Specification

- Cutting Blade: Cr12Mov
- Tile Type: Galvanized Steel
- Servo Feeding Power: 3.0kw
- Material: Galvanized Steel
- Color: Blue
- Warranty Period: 18 Months
- Dimension: 11\*1.2\*1.4m
- Driven Type: Gearbox
- Highlight: **Heavy Duty Rack Roll Forming Machine,  
Upright Storage Rack Roll Forming Machine,  
Gearbox storage rack roll forming machine**

### Product Description:

Our steel storage rack roll forming machine is equipped with advanced features that offer enhanced productivity and efficiency. The cutting blade of the machine is made of Cr12Mov, which is known for its excellent durability and strength. This ensures that the machine can easily handle all types of cold-rolled steel coils, making it perfect for producing storage racks of different sizes and shapes. The equipment control type of the machine is automatic/semi-automatic, allowing for easy operation and control. This feature ensures that the machine can run smoothly, without any interruptions or delays. Moreover, the machine has a dimension of 11\*1.2\*1.4m, making it compact and easy to install in any factory or workshop.

The machine is designed with a beautiful blue color, which adds a touch of elegance and style to your factory or workshop. This makes it an ideal choice for businesses that want to create a professional and stylish environment for their employees and customers.

Our steel storage rack roll forming machine is made of high-quality materials, ensuring that it can withstand the toughest working conditions. The material of the coil is cold-rolled steel, which is known for its excellent strength and durability. This ensures that the machine can easily produce high-quality storage racks that can withstand heavy loads and rough handling.

In conclusion, if you are looking for a reliable and efficient solution for producing high-quality steel storage rack systems, then our steel storage rack roll forming machine is the perfect choice for you. With its advanced features, durable construction, and easy operation, this machine is sure to meet all your requirements and exceed your expectations.

### Features:

Product Name: Storage Rack Roll Forming Machine

Driven Type: Gearbox

Servo Feeding Power: 3.0kw

Equipment Control Type: Automatic/Semi-automatic

Control Type: Automatic

Plc: Panasonic From Japan

Features:

Perfect for manufacturing storage rack production line

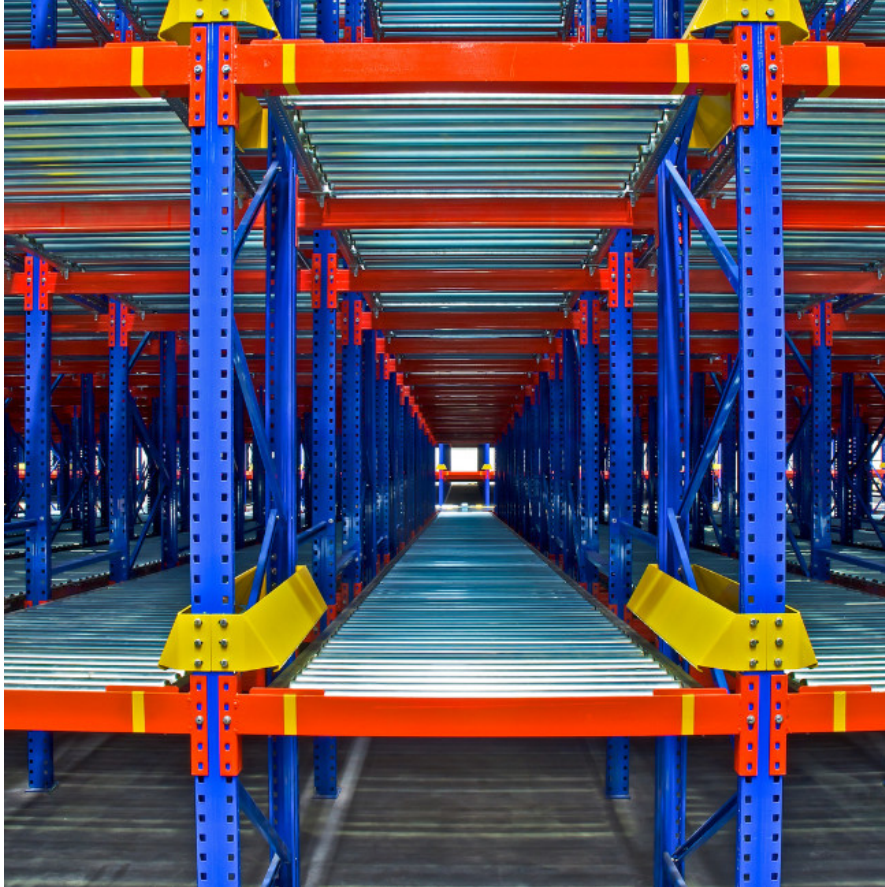

Capable of producing high-quality steel storage rack roll forming machine

Heavy-duty storage rack roll forming mill

### Technical Parameters:

Material Of Coil	Cold-rolled Steel
Driven Type	Gearbox
Cutting Blade	Cr12Mov

Control Type	Automatic
Total Power	7.5kw
Dimension	11*1.2*1.4m
Warranty Period	18 Months
Product Design	Optional
Equipment Control Type	Automatic/Semi-automatic
Tile Type	Galvanized Steel

### Applications:

Our storage rack roll forming machine is made with galvanized steel tiles and cold-rolled steel coil materials. It is equipped with a powerful 7.5kw motor that is driven by a gearbox. The cutting blade is made with Cr12Mov material for maximum durability and efficiency. The machine has a minimum order quantity of 1 set, and its packaging details include nude packing in a 40 feet container. The delivery time for this product is 60 workdays, and payment can be made through T/T or L/C. We also have a supply ability of 30 sets per month. The storage rack production line is suitable for various occasions and scenarios. It is ideal for industrial storage rack roll forming plants that need to produce high-quality storage racks for warehouses, logistics centers, and other storage facilities. The machine can produce different types of storage racks, including heavy-duty racks, medium-duty racks, and light-duty racks. Our storage rack roll forming machine is easy to operate and maintain, and it is designed to provide high efficiency and productivity. The machine is also equipped with advanced safety features to ensure the safety of operators. In summary, Hangzhou Maxwell's storage rack roll forming machine is a reliable and efficient solution for all your storage rack production needs. Contact us today to place your order and take advantage of our top-notch products and services.

### Customization:

Our minimum order quantity is 1 set and we offer packaging in nude packing in a 40 feet container. Delivery time is 60 workdays and we accept payment terms of T/T and L/C. Our supply ability is 30 sets per month. The cutting blade used in our industrial storage rack roll forming plant is made of Cr12Mov and the control type is automatic. The production speed is 4-6m/min and the tile type is galvanized steel.

### Support and Services:

The Storage Rack Roll Forming Machine is a high-performance equipment designed for producing storage rack components. It is equipped with advanced technology and features that enable it to operate smoothly and efficiently. Our product technical support and services include:

Installation and commissioning of the machine

Operator training to ensure safe and optimal use of the equipment

Maintenance and repair services to keep the machine running at peak performance

Technical support for any issues or questions that may arise

Customization of the machine to meet specific customer requirements

Our team of experts is dedicated to providing top-notch support and services to ensure customer satisfaction and maximize the

productivity and profitability of the Storage Rack Roll Forming Machine.

### Packing and Shipping:

#### Product Packaging:

The Storage Rack Roll Forming Machine product will be packaged in a sturdy wooden crate to ensure safe transportation and delivery.

#### Shipping:

The product will be shipped via sea or air freight, depending on the customer's preference and location. We will arrange for the shipment and provide the necessary documentation.

### FAQ:

#### Q1: What is the brand name of the Storage Rack Roll Forming Machine?

A1: The brand name of the Storage Rack Roll Forming Machine is Hangzhou Maxwell.

#### Q2: Where is the Storage Rack Roll Forming Machine manufactured?

A2: The Storage Rack Roll Forming Machine is manufactured in Zhejiang, China.

#### Q3: Does the Storage Rack Roll Forming Machine have any certification?

A3: Yes, the Storage Rack Roll Forming Machine has CE and ISO9001 certification.

#### Q4: What is the minimum order quantity for the Storage Rack Roll Forming Machine?

A4: The minimum order quantity for the Storage Rack Roll Forming Machine is 1 set.

#### Q5: How is the Storage Rack Roll Forming Machine packaged and delivered?

A5: The Storage Rack Roll Forming Machine is packaged in nude packing in a 40 feet container and has a delivery time of 60 workdays. Payment terms are T/T or L/C and the supply ability is 30 sets per month.
