

# Automatic Blue Steel Industrial Tile Storage Rack Production Line

#### **Basic Information**

Place of Origin: Zhejiang,China
 Brand Name: Hangzhou Maxwell
 Certification: CE,ISO9001

Model Number: Storage Shelf Rack

 Minimum Order Quantity: 1 Set

• Price: USD25000-USD75000

• Packaging Details: Nude Packing In a 40 Feet Container

Delivery Time: 60 workdaysPayment Terms: T/T;L/C

• Supply Ability: 30 Set per Mon

# **Product Specification**

Production Speed: 4-6m/minTotal Power: 7.5kwServo Feeding Power: 3.0kw

• Equipment Control Automatic/S

Туре:

Automatic/Semi-automatic

Control Type: Automatic

Material: Galvanized Steel
 Tile Type: Galvanized Steel
 Material Of Coil: Cold-rolled Steel

#### **Product Description**

## **Product Description:**

The Storage Rack Roll Forming Machine is driven by a high-quality gearbox that ensures reliable and efficient performance. The gearbox is designed to handle heavy loads and high torques, making it ideal for storage rack production lines that require consistent and precise output. With a dimension of 11\*1.2\*1.4m, this machine is compact and space-saving, making it easy to integrate into your production line. The Control Type of this machine is automatic, which means that it is easy to operate and requires minimal supervision. The machine is equipped with a PLC from Panasonic, Japan, which is known for its high-quality and reliable performance. The PLC ensures that the machine operates smoothly and consistently, delivering a high-quality product every time.

The Storage Rack Roll Forming Machine is an essential tool for any storage rack production line. It is designed to produce high-quality storage racks that are durable, reliable, and efficient. With its advanced features and reliable performance, this machine is guaranteed to enhance your production line and increase your productivity and profitability.

### **Features:**

Product Name: Storage Rack Roll Forming Machine

Cutting Blade: Cr12Mov
Control Type: Automatic
Material Of Cails Cold ralled Sta

Material Of Coil: Cold-rolled Steel

Equipment Control Type: Automatic/Semi-automatic

Color: Blue

This storage rack roll forming machine is designed to produce high-quality steel storage racks for heavy-duty storage applications. The cutting blade is made of Cr12Mov to ensure precision cuts every time. The equipment control type can be set to automatic or semi-automatic for added flexibility. The material of the coil is cold-rolled steel, which is known for its strength and durability. The machine is finished in a sleek blue color that looks great in any production facility.

#### **Technical Parameters:**

Product Name:	Heavy-Duty Storage Rack Roll Forming Mill
Product Type:	Storage Rack Production Line
PLC:	Panasonic from Japan

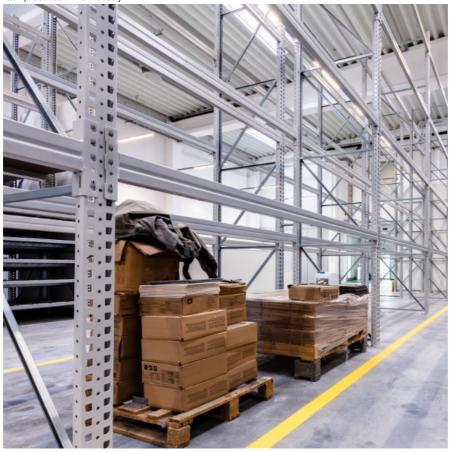

Control Type:	Automatic
Dimension:	11*1.2*1.4m
Warranty Period:	18 Months
Color:	Blue
Driven Type:	Gearbox
Material of Coil:	Cold-rolled Steel
Equipment Control Type:	Automatic/Semi-automatic
Servo Feeding Power:	3.0kw
Production Speed:	4-6m/min

# **Applications:**

Our storage rack roll forming machine is manufactured in Zhejiang, China, and is certified with both CE and ISO9001 standards. We require a minimum order quantity of 1 set, and packaging details include nude packing in a 40-foot container. The delivery time for our storage rack roll forming machine is 60 workdays, and we accept payment terms of T/T and L/C. Our supply ability is 30 sets per month. Our storage rack roll forming machine is driven by a gearbox and is colored blue. It has a production speed of 4-6m/min and a servo feeding power of 3.0kw. The warranty period for our storage rack roll forming machine is 18 months, providing our customers with the utmost confidence in their purchase.

The applications of our storage rack roll forming machine are extensive, and it can be used in many scenarios. It is perfect for producing steel storage racks for warehouses, manufacturing facilities, and other storage areas. Our heavy-duty storage rack roll forming mill is capable of producing high-quality, efficient, and durable storage racks that can withstand heavy loads and frequent use. Overall, our storage rack roll forming machine is an excellent investment for those looking to produce quality storage racks in large quantities. Its high-speed production capabilities, coupled with its durability and reliability, make it an ideal choice for those in the storage rack production line industry.

#### **Customization:**

Our storage rack production line comes with a 3.0kw servo feeding power, ensuring precision and accuracy during production. The product is certified with CE and ISO9001, ensuring that it meets the required quality standards.

The minimum order quantity is 1 set, and the product is packaged in nude packing in a 40 feet container. The delivery time is 60 workdays, and customers can pay using T/T or L/C. Our supply ability is 30 sets per month, ensuring that we meet the demand of our

customers.

Hangzhou Maxwell Storage Rack Roll Forming Machine comes with an 18-month warranty period, ensuring that our customers have peace of mind when using our product. The product is available in blue color, and its place of origin is Zhejiang, China.

#### **Support and Services:**

The Storage Rack Roll Forming Machine is a sophisticated piece of equipment that requires technical expertise to operate and maintain. Our team of product technical support and services professionals is available to assist with any questions or issues that may arise. Our services include:

Installation and training

Remote technical support

On-site repair and maintenance

Replacement parts and accessories

Customized solutions for specific customer needs

Our goal is to ensure that our customers experience minimal downtime and maximum productivity with their Storage Rack Roll Forming Machine. Contact us for more information on how we can support your equipment needs.

#### **Packing and Shipping:**

Product Packaging:

The machine will be securely packed in a wooden crate to prevent any damage during transport.

All parts and accessories will be properly wrapped and protected to ensure they arrive in excellent condition.

 $\underline{\text{The crate will be labeled with the product name and handling instructions for easy identification.}}$ 

Shipping:

The machine will be shipped via a reliable and trusted carrier to ensure timely delivery.

Shipping costs will be calculated based on the destination and weight of the crate.

The customer will be provided with a tracking number once the machine has been shipped.

#### FAQ:

What is the brand name of the Storage Rack Roll Forming Machine?

The brand name of the Storage Rack Roll Forming Machine is Hangzhou Maxwell.

2.

Where is the Storage Rack Roll Forming Machine manufactured?

The Storage Rack Roll Forming Machine is manufactured in Zhejiang, China.

3.

Does the Storage Rack Roll Forming Machine have any certifications?

Yes, the Storage Rack Roll Forming Machine is certified with CE and ISO9001.

4.

What is the minimum order quantity for the Storage Rack Roll Forming Machine? The minimum order quantity for the Storage Rack Roll Forming Machine is 1 set.

5.

What are the payment terms for the Storage Rack Roll Forming Machine?

The payment terms for the Storage Rack Roll Forming Machine are T/T and L/C.
