

## Precision Automatic Cold Rolled Steel Storage Rack Roll Forming Machine

Our Product Introduction

For more products please visit us on [roll-formermachines.com](http://roll-formermachines.com)

### Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Storage Shelf Rack
- Minimum Order Quantity: 1 Set
- Price: USD25000-USD75000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 60 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

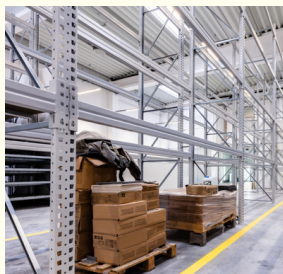

### Product Specification

- Material Of Coil: Cold-rolled Steel
- Driven Type: Gearbox
- Control Type: Automatic
- Plc: Panasonic From Japan
- Material: Galvanized Steel
- Dimension: 11\*1.2\*1.4m
- Product Design: Optional
- Equipment Control Type: Automatic/Semi-automatic
- Highlight: Precision Storage Rack Roll Forming Machine, Automatic Storage Rack Roll Forming Machine, Cold storage rack roll forming machine

## Product Description

### Product Description:

The storage rack roll forming machine features an optional product design, allowing you to customize your storage racks to your specific needs. With automatic control type, this machine is easy to operate and requires minimal manual labor, saving you time and effort. With a total power of 7.5kw, this machine is a powerful and efficient solution for producing high-quality storage racks. Its advanced technology ensures precision and accuracy in every roll forming process, resulting in consistent, high-quality output. Whether you are in the manufacturing, warehousing or logistics industry, the storage rack roll forming machine is an essential tool for creating sturdy and reliable storage racks. Invest in this machine today and experience the benefits of efficient and effective production.

### Features:

Product Name: Storage Rack Roll Forming Machine

Servo Feeding Power: 3.0kw

Product Design: Optional

Material: Galvanized Steel

Total Power: 7.5kw

Color: Blue

This storage rack roll forming machine is perfect for an industrial storage rack roll forming plant. It has a servo feeding power of 3.0kw, and the product design is optional. It is made of galvanized steel and has a total power of 7.5kw. The machine can be customized.

### Technical Parameters:

Cutting Blade	Cr12Mov
Material	Galvanized Steel
Plc	Panasonic From Japan
Control Type	Automatic
Material Of Coil	Cold-rolled Steel
Product Design	Optional

Production Speed	4-6m/min
Driven Type	Gearbox
Tile Type	Galvanized Steel
Servo Feeding Power	3.0kw

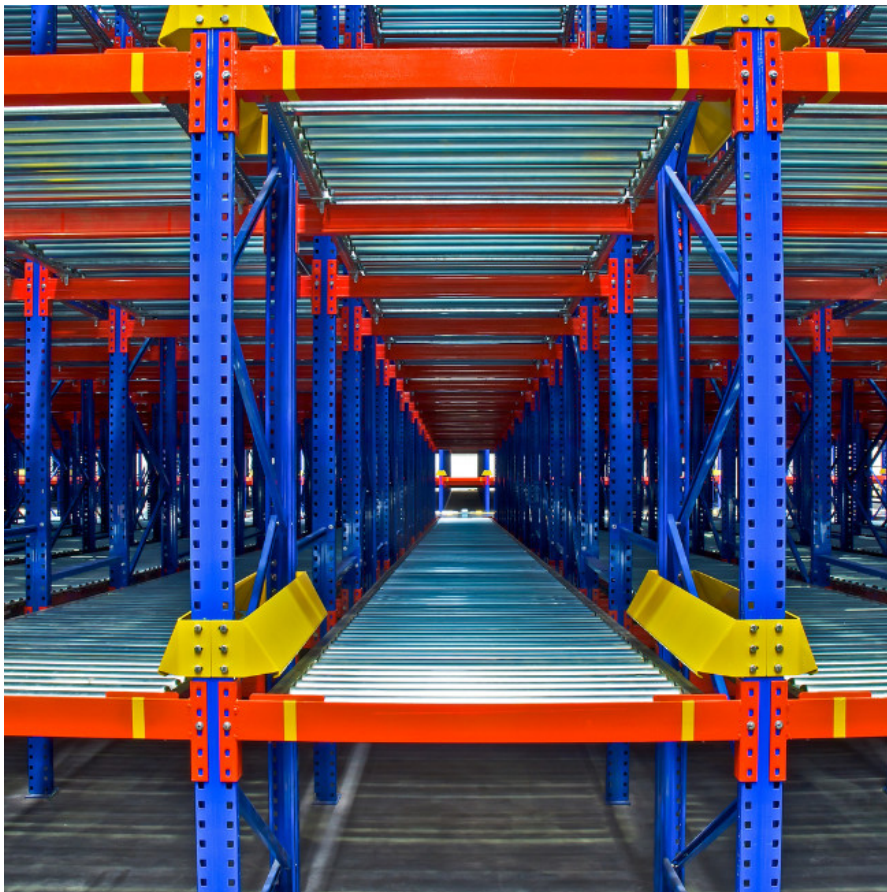

### Applications:

The storage rack roll forming machine is suitable for various occasions and scenarios, including warehouses, factories, and retail stores. It is ideal for businesses that require efficient and cost-effective storage solutions.

The machine's minimum order quantity is one set, and it comes in nude packing in a 40-foot container. Delivery time is 60 workdays, and payment terms are T/T or L/C. The Hangzhou Maxwell Storage Rack Roll Forming Machine can produce up to 30 sets per month, making it ideal for large-scale production and distribution.

The storage rack roll forming machine is powered by a 7.5kw motor and uses galvanized steel tile type. It is driven by a gearbox and has a production speed of 4-6m/min. The equipment control type can be automatic or semi-automatic, depending on the production requirements.

The Hangzhou Maxwell Storage Rack Roll Forming Machine is perfect for businesses that need to produce high-quality industrial storage racks quickly and efficiently. Its heavy-duty construction and automated controls make it a reliable and cost-effective choice for any industrial storage rack roll forming plant.

### Customization:

With a minimum order quantity of 1 set, our storage rack roll forming machine is packaged in nude packing and shipped in a 40 feet container. Delivery time is estimated at 60 workdays and payment terms are flexible, accepting both T/T and L/C. Our storage rack roll forming machine is capable of producing up to 30 sets per month at a production speed of 4-6m/min. The tile type is galvanized steel and the dimension of the machine is 11\*1.2\*1.4m. The material of the coil used is cold-rolled steel. Additionally, we offer product design options to meet your specific needs.

### Support and Services:

The Storage Rack Roll Forming Machine is a high-precision equipment designed for the roll forming of storage racks. Our technical

support and services for the product include:

Installation and commissioning of the machine

Training for machine operation and maintenance

Regular maintenance and repair services

Technical consultation and troubleshooting

Upgrades and enhancements for the machine

We also offer customized solutions to meet specific needs and requirements of our clients.

### Packing and Shipping:

Product Packaging:

The Storage Rack Roll Forming Machine will be packed in a wooden crate to ensure its safety during transit. The machine will be securely fastened and protected to prevent any damage that may occur during shipping.

Shipping:

The Storage Rack Roll Forming Machine will be shipped via a reliable shipping company to ensure timely and safe delivery. The shipping cost will be calculated based on the destination and weight of the machine. The customer will be provided with a tracking number to keep track of their shipment and ensure its timely arrival.

### FAQ:

**Q1. What is the brand name of the storage rack roll forming machine?**

A1. The brand name of the storage rack roll forming machine is Hangzhou Maxwell.

**Q2. Where is the storage rack roll forming machine made?**

A2. The storage rack roll forming machine is made in Zhejiang, China.

**Q3. What certifications does the storage rack roll forming machine have?**

A3. The storage rack roll forming machine has CE and ISO9001 certifications.

**Q4. What is the minimum order quantity for the storage rack roll forming machine?**

A4. The minimum order quantity for the storage rack roll forming machine is 1 set.

**Q5. What is the packaging and delivery time for the storage rack roll forming machine?**

A5. The storage rack roll forming machine is packaged in nude packing and delivered in a 40 feet container. The delivery time is 60 workdays.

**Q6. What are the payment terms and supply ability of the storage rack roll forming machine?**

A6. The payment terms for the storage rack roll forming machine are T/T and L/C. The supply ability is 30 sets per month.
