

Customized Double Layer PLC Control Metal Sheet Roll Forming Machine For Large Scale Production

Our Product Introduction

Basic Information

- Place of Origin: Zhejiang, China
- Brand Name: Hangzhou Maxwell
- Certification: CE, ISO9001
- Model Number: Roof Panel
- Minimum Order Quantity: 1 Set
- Price: USD12000--USD20000
- Packaging Details: Nude Packing In a 40 Feet Container
- Delivery Time: 45 workdays
- Payment Terms: T/T; L/C
- Supply Ability: 30 Set per Mon

Product Specification

- Production Speed: 10-15 Meters Per Minute (as Your Require)
- Applicable Industries: Hotels, Garment Shops, Building Material Shops, Construction Works, Advertising Company, Manufacturing Plant, Food & Beverage Factory, Retail, Others
- Roller Material: NO.45 Fine Steel With Quench Treatment
- Tile Type: Colored Glazed Steel
- Product Type: Roll Forming Machine
- Main Frame Material: 350H Steel
- Cutting Tolerance: $\pm 2\text{mm}$
- Forming Method: Roll Forming
- Highlight: Customized Metal Sheet Roll Forming Machine, Customized double layer roll forming machine, Large Scale Production roll forming machine

Product Description

Product Description:

This Roll Forming Machine is a product type that ensures easy and efficient sheet metal forming. The machine comes with a warranty of 1 year, ensuring your peace of mind and satisfaction with your purchase. With its ability to form both floor decking and wall panels, the Double Layer Roll Forming Machine is a versatile and reliable choice for your forming needs.

The Floor Decking and Wall Panel Double Layer Roll Forming Machine is a powerful and efficient option that streamlines the forming process and saves you time and effort. The machine's double-layer capabilities allow for even more versatility and flexibility in your forming options.

Investing in a double-layer roll Forming Machine is a smart choice for those in the construction and manufacturing industries, as well as those in the food and beverage and retail industries. The machine's precision and accuracy ensure a high-quality end product, while its ease of use and efficiency make it a practical choice for any business.

Applications:

Hangzhou Maxwell Metal Sheet Roll Forming Machine is a highly efficient and durable machine that is designed to meet the demands of the modern construction industry. This machine is suitable for a wide range of applications, including:

Floor Decking and Wall Panel Double Layer Roll Forming Machine

Glazed tile and corrugated panel Roll Forming Machine

Floor Decking and Wall Panel Double Layer Roll Forming Machine

The machine is made from high-quality materials such as PPGL, PPGI, and AL, ensuring it is strong and reliable. It has a power supply of 380V, 50Hz, 3 Phase, making it suitable for a variety of power sources. Additionally, the machine is certified with CE and ISO9001, ensuring that it meets the highest standards of quality and safety.

This machine has a minimum order quantity of 1 set and can be delivered in 45 workdays. The packaging details include nude packing in a 40 feet container. The payment terms include T/T and L/C, making it easy for customers to purchase this machine. It has a supply ability of 30 sets per month and comes with a 1-year warranty, ensuring that customers can have peace of mind when using this product.

The Metal Sheet Roll Forming Machine from Hangzhou Maxwell is perfect for a variety of applications in the construction industry. Its cutting tolerance of $\pm 2\text{mm}$ ensures that it produces accurate results every time, making it ideal for creating high-quality products. Whether you need to create floor decking or wall panels, this machine is sure to meet your needs.

Support and Services:

Our Metal Sheet Roll Forming Machine product comes with comprehensive technical support and services to ensure optimal performance and longevity. Our expert technicians are available to assist with the installation, maintenance, and repair of the machine. We offer training to help operators become familiar with the machine and maximize its potential. In addition, we provide troubleshooting assistance and replacement parts to minimize downtime and keep your production running smoothly. Contact us for more information on our technical support and services.

Packing and Shipping:

Product Packaging:

The Metal Sheet Roll Forming Machine is carefully packaged to ensure safe delivery. It is first wrapped with protective materials and then placed in a sturdy wooden crate. The crate is then secured with steel bands to prevent any movement during shipping.

Shipping:

We ship the Metal Sheet Roll Forming Machines worldwide using reliable and trustworthy shipping carriers. The shipping cost will be calculated based on the weight and destination of the machine. Once shipped, we will provide you with a tracking number so you can monitor the progress of your delivery.

FAQ:

What is the brand name of this metal sheet roll forming machine?

The brand name of this machine is Hangzhou Maxwell.

2.

Where is this roll forming machine produced?

This machine is produced in Zhejiang, China.

3.

What certifications does this roll-forming machine have?

This machine is certified with CE and ISO9001.

4.

What is the minimum order quantity of this machine?

The minimum order quantity of this machine is 1 set.

5.

What are the payment terms for this machine and what is the delivery time?

The payment terms for this machine are T/T and L/C. The delivery time is 45 workdays.
